### ROYALTY ADJUSTMENT - PHILLIPS PETROLEUM COMPANY PRC 91, PRC 163, PRC 425, PRC 426, E 392 HUNTINGTON BEACH OFFSHORE FIELD ORANGE COUNTY

APPLICANT: Phillips Petroleum Company  
Attention: S. C. Drennan, Controller  
8055 Tufts Avenue Parkway  
Denver, Colorado 80237-2896

On April 22, 1987, Phillips Petroleum Co. presented a claim for return of overpaid royalties and royalty crude oil delivery discrepancies during the period May 1, 1981 to June 1, 1986 from their Huntington Beach State Oil and Gas leases.

After a detailed audit of the claim, staff has reduced Phillips' claim from \$1,289,598 to \$894,249 and now recommend that amount as justified for repayment.

The basic cause for the royalty overpayment was a change in the method of handling natural gasoline liquids from the gasoline extraction plant, which processes some gas that is not subject to State royalty. The royalty accounting procedures are being corrected.

Phillips Petroleum Company was operator of these five aforementioned leases from October 26, 1984 until June 1, 1986. In acquiring the leases held by Aminoil from R. J. Reynolds, Industries, Inc., Phillips also acquired all assets including receivables as of that date. When selling the leases to Shell Oil Company as of June 1, 1986, accrued receivables were not included in the sale.
