2. The Lessee has executed and delivered a quitclaim deed dated February 25, 1988. Site clearance and removal of all previously authorized pipeline facilities from sovereign lands were confirmed, in writing, on December 29, 1987 by a registered Civil Engineer with the consulting firm of Brian, Kangas and Foulk. At an earlier date, the Lessee conveyed the adjacent uplands to another entity, and actual site clearance occurred approximately in February 1987, according to verbal confirmations by the consultant's representative. The staff believes that it is therefore appropriate to acknowledge lease termination effective as of February 25, 1987.
