BACKGROUND:

During the past several months the Commission has approved an assignment and a sublease covering the operation of a marina in the Sacramento-San Joaquin Delta known as "Tower Park Marina". The present owners of the marina and the upland recreational development are in the process of securing financing for the entire development and have requested that the Commission authorize the encumbrancing of the leasehold.

CURRENT SITUATION:

The State's lessee has applied for a loan from Home Savings Association of Kansas City in the amount of \$7,100,000.00. The loan is to be secured by a combination of the upland development and the States' leasehold. The Lender has required as part of the loan package the consent of the Commission to the encumbrancing of the lease.
