PROPOSED CRUDE OIL SELL-OFF,
LONG BEACH HARBOR TIDELANDS PARCEL
AND PARCEL "A" (SEGMENT A AND SEGMENT B), WILMINGTON
OIL FIELD, LOS ANGELES COUNTY

The City of Long Beach is selling under three contracts the available 12 1/2 percent of the oil allocated to the Long Beach Harbor Department Tidelands Parcel and 12 1/2 percent of the oil produced from Parcel "A".

Edgington Oil Company is the present purchaser of both the 8 percent and 4 1/2 percent segments of the Long Beach Harbor Department Tidelands Parcel crude oil for the period June 1, 1988 until February 1, 1989. For both segments, Edgington is paying the City a bonus of \$0.4633 per barrel above a base price, defined as the highest price posted for like crude oil on the day of delivery in the Wilmington, Long Beach (Signal Hill), Huntington Beach and Inglewood Oil Fields, among the postings of Chevron USA, Inc., Mobil Oil Corporation and Union Oil Company of California. The quantity of oil is approximately 600 barrels per day of 170 API gravity crude oil for the 8 percent segment and 340 barrels per day of 170 API gravity crude oil for the 4 1/2 percent segment.

Petro Source Corporation is the present purchaser of the 12 1/2 percent of crude oil produced from Parcel "A" for the period June 1, 1988 until February 1, 1989. Petro Source is paying the City a bonus of \$0.2559 per barrel above a base price as defined above. The quantity of oil is approximately 200 barrels per day of 190 API gravity crude oil.

CALENDAR ITEM NO. 40 (CONT')

The City has proposed seeking competitive public bids for new sales contracts as soon as notice to take oil in kind can be given to the new contractor under the new Long Beach Harbor Tidelands Parcel and Parcel "A" Oil Contract which is take effect March 1, 1989. In cooperation with the Commission's staff, the City has prepared notices inviting bids, bid forms and crude oil sales contracts to be used in the proposed crude oil sell-offs. The significant specifications are set forth in Exhibit "A" to this calendar item. Copies of the forms for the notices inviting bids, bid forms, and crude oil sales contracts are available for inspection in the the office of the Commission.

A major difference from past crude oil sales for these parcels is that under the new Long Beach Harbor Tidelands Parcel and Parcel "A" Oil Contract, the City will be able to take in kind up to 20 percent of the total oil allocated to the Contractor which is 60% more oil than was permitted under the old operating contracts. Therefore, the City will sell the oil in two segments of 10 percent each, amounting to a total of about 1,800 barrels a day.

Section 10(a) of Chapter 29, Statutes of 1956, First Extraordinary Session, requires that all specifications and forms for the purpose of inviting bids in connection with the disposition of oil derived from the Long Beach tidelands be approved by the State Lands Commission prior to publication of the notice to bidders.

When the bids are received, they will be analyzed by the City of Long Beach and the Commission's staff and will be presented to the Commission for approval before acceptance.
