CONSIDERATION OF A REIMBURSEMENT AGREEMENT AND  
AUTHORIZATION TO CONTRACT FOR PREPARATION OF AN EIR  
FOR LEASING LANDS FOR DEVELOPMENT OF GEOTHERMAL RESOURCES

APPLICANT: Union Oil Company of California  
Attn: Michael L. Shoaff,  
District Land Manager  
P. O. Box 6854  
Santa Rosa, California 95406

AREA, TYPE OF LAND AND LOCATION:  
Approximately 948 acres of reserved mineral  
land in the northwestern portion of the Geysers  
Geothermal Steam Field, Sonoma County.

BACKGROUND:

The subject lands were leased previously by the Commission as PRC 5819 and PRC 6114 on October 31, 1980 and April 20, 1982, respectively. An environmental impact report covering PRC 5819 was prepared and certified by Sonoma County on January 6, 1976 and an EIR was prepared and certified by the Commission for PRC 6114 on October 30, 1981. The leases were issued by competitive bid for 71 percent (PRC 5819) and 22.76 percent (PRC 6114) of net profits. Following several assignments, GRI Exploration Corporation and GRI Development Corporation became lessee of the subject leases.

On September 26, 1985, the Commission authorized cancellation of the leases for failure of the lessee to initiate drilling operations under the terms and conditions of the leases.

Union Oil Company has now requested that these lands be reoffered for lease. Although environmental documents were previously prepared regarding geothermal development on these lands, current information needs to be gathered. Therefore, Union Oil Company has agreed to enter into a State Reimbursement Agreement to fund preparation of an EIR for

leasing and development of the lands for geothermal resources. It is understood that this reimbursement agreement shall not affect the discretion of the Commission in determining if the lands should be leased and that Union will obtain no preferential rights to these lands. If the Commission authorizes the lands to be leased, the successful bidder will be required to reimburse Union. In the event no bids are received or the Commission determines not to lease the lands Union will pay for the EIR.
