**APPROVAL OF AMENDMENT OF SETTLEMENT AGREEMENT
FOR PURPOSES OF RELOCATING AN EXISTING
ROAD EASEMENT**

PARTIES: Redwood Shores
3 Twin Dolphin Drive
Suite 200
Redwood City, CA 94065-1081

Redwood Shores, Inc. has asked the State Lands Commission to relocate two public road easements previously granted to the State by a Corporation grant deed executed on November 16, 1979, and recorded on December 27, 1979 in the Official Records of San Mateo County. The easements are intended to provide public access along roads within a proposed subdivision to State owned lands and along Belmont and Steinberger Sloughs. The easements were granted to the State pursuant to Boundary Line Agreement 141, entered into by the State and Mobil Oil Estates (Redwood) Limited. The Corporation Grant Deed dated November 16, 1979, provided that the easements are relocatable at the "sole discretion" of the grantor to a new location which shall allow the "same use". These "relocatable easements" are described in Exhibit "A" and depicted in Exhibit "B".

Redwood Shores, Inc. proposed to replace the relocatable easements with a fifty-five foot wide road easement (hereinafter "proposed easement") connecting an existing dedicated public road from Redwood Shores Parkway to Marina Parkway and extending Marina Parkway to lands adjacent to Belmont Slough. The proposed easements are described in Exhibit "C" and are depicted in Exhibit "B".

CALENDAR ITEM NO. **C 3 2** CONT'D

Staff of the State Lands Commission has conducted a study of the evidence to assure that the proposed easement will provide the "same use". The proposed easement provides roadway access from the same general locations to substantially the same areas as the relocatable easements.

The staff of the State Lands Commission is of the opinion that the proposed easement will provide the same type and extent of public access as the relocatable easements, and therefore recommends to the Commission that the State quitclaim to Redwood Shores, Inc. all right, title and interest in the relocatable easements described in Exhibit "A" and depicted in Exhibit "B", in exchange for the proposed road easement described in Exhibit "C" and depicted in Exhibit "B".
