AUTHORIZE EXECUTION OF A LAND EXCHANGE AGREEMENT
BETWEEN THE STATE LANDS COMMISSION, CITY OF LONG BEACH,
AND PIKE PROPERTIES ASSOCIATES AND
APPROVE A 49-YEAR LEASE OF THE EXCHANGE PARCEL TO THE
CITY OF LONG BEACH

PARTIES:

Pike Properties Associates, a California
general partnership

City of Long Beach

State of California, State Lands Commission

BACKGROUND

The proposed land exchange agreement involves certain lands in the City of Long Beach lying adjacent to Seaside Way and generally between Pine Avenue on the east and Chestnut Avenue on the west (see Exhibit "D"). This area is the location of the former Long Beach Amusement Company "Pike".

The present boundary separating the City held tidelands from the Pike owned uplands is based upon a boundary line agreement between the City of Long Beach and the Long Beach Amusement Company dated June 7, 1954. That agreement was in settlement of a quiet title action brought by the Long Beach Bath House and Amusement Company (predecessor to the Long Beach Amusement Company), Superior Court Case # 530211. Subsequent to the settlement agreement the Legislature enacted Chapter 2000, Statutes of 1957 authorizing the Commission to take any actions necessary to determine the boundaries of the Long Beach tidelands. In 1964 the Legislature adopted a compromise boundary

line between lands claimed by the city as uplands and lands the State claimed as tidelands. The present Pike boundary line established in 1954 is approximately 65 feet waterward of the line established by the Legislature by Chapter 138, States of 1964, 1st Extraordinary Session.

In 1981, as a result of the relocation of the public street known as Seaside Way, portions of the filled tidelands, originally granted to the City in trust by the Legislature pursuant to Statutes of 1911, Chapter 676, were cut off from the adjoining trust lands, thereby causing their utility for trust purposes to be lost. These lands are described in Exhibit "A" and "B" and depicted on Exhibit "D" as Parcels 1 and 2. The relocation of Seaside Way also isolated certain land, presently owned by Pike Properties, which is now located southerly of Seaside Way (described in Exhibit "C" and depicted on Exhibit "D". The City and Pike Properties have, since 1982, leased their respective parcels to each other.

The City and Pike are desirous of exchanging the subject parcels in order to maximize the respective parcels utility in conjunction with the physically adjoining lands they presently own. The City is prohibited by the statutes granting the lands to the City from alienating the trust lands. The City may, however, convey its trust lands back to the State. The State Lands Commission is authorized by Division 6 of the P.R.C., including § 6307 thereof, to exchange interests in real property held by the State by reason of its sovereignty for interests in other lands of equal or greater value. The Commission is also authorized pursuant to P.R.C. §§ 8600 through 8633 to accept money to be deposited pursuant to P.R.C. §8610 into the Land Bank Fund.

The City and State have conducted independent studies and evaluations of the public trust interests, the title evidence and the usefulness and value of the parties' respective properties. A land appraisal and study have been reviewed and approved by the Commission's staff. Staff has established that the value of sovereign interests in Parcel 1 and Parcel 2 is \$1,545,000 and the value of Pike Properties interest in the Parcel described on Exhibit "C" is \$940,000. The difference being \$605,000.

The proposed agreement provides that \$605,000 will be deposited in the Land Bank Fund, with the City seeking to identify and the Commission to acquire lands appropriate for trust uses in the city within five years. The City will convey Parcel 1 and 2 to the State. The State will exchange Parcels 1 and 2 for Pike's

interest in the Parcel described in Exhibit "C", plus the \$605,000. In addition, Pike will quitclaim any interest it holds in the Street Parcel shown on Exhibit "D" and described in Exhibit "E". Finally the Commission will lease the lands acquired from Pike to the City for 40 years for public trust uses consistent with the granting statutes.
