**CONSIDER BOUNDARIES AND INCLUSION OF STATE-OWNED LAND IN
PROPOSED INCORPORATION OF TOWN OF TRUCKEE,
NEVADA COUNTY**

APPLICANT:

Nevada County Local Agency Formation Commission
P. O. Box 6100
Nevada City, California 95959

Government Code Section 56108 provides that, with respect to proposed incorporations or annexations, the Commission's approval is required as to: (1) the sufficiency of the boundary description, and (2) the inclusion of property interests administered by the Commission within the area proposed for incorporation or annexation.

The staff has received a request from the Nevada County LAFCO to review and approve the proposed boundaries for the Town of Truckee, which would be incorporated if approved by voters during the November elections. Applicant has prepared and circulated a Negative Declaration for the proposed incorporation.

The proposed town would include all of Donner Lake, a 160-acre parcel of State-owned school land, two parcels of patented school lands with minerals reserved to the State, and parts of Trout Creek, Alder Creek, and the Truckee River for which State interest is undetermined. A time-consuming and expensive investigation would be required to ascertain the existence and extent of State-owned property interests within Alder Creek, Trout Creek, and the Truckee River within the proposed incorporation area. The staff does not believe that inclusion of any interest which the Commission may have in these lands within the incorporated area will, in any way, prejudice the Commission's discretion with respect to the administration of its lands.

CALENDAR ITEM NO. 5 (CONT'D)

The staff has reviewed the proposed boundary description supplied by the applicant and has determined that it is legally sufficient pursuant to Government Code sections 56108(c) and 56108(d).
