NOTIFICATION TO CITY OF LONG BEACH  
TO DIRECT FIELD CONTRACTOR TO SELL OFF CRUDE OIL  
FROM TRACT NO. 1 OF THE LONG BEACH UNIT  
WILMINGTON OIL FIELD, LOS ANGELES COUNTY

BACKGROUND:

Section 3(e), Chapter 138, Statutes of 1964, 1st E.S and Article 11 of the Contractors' Agreement for the Long Beach Unit, Wilmington Oil Field, provide for the sell off of up to 12½ percent of the crude oil allocated to Tract No. 1 of the Long Beach Unit, all of which is to come from the Field Contractor's 80 percent share. The present 12½ percent of Tract No. 1 oil available for sell off was sold under two contracts, one for seven percent of the oil and one for five and one-half percent of the oil and are due to expire on September 1, 1993.

On March 29, 1991, notice was given by the State Lands Commission to the City of Long Beach to direct the Field Contractor to offer the oil for competitive bid. Bids were opened on May 22, 1991.

Fletcher Oil and Refining Company was the highest bidder offering the City a bonus of \$0.5765 per barrel above the Base Price for the seven percent segment and a bonus of \$0.3780 per barrel above the Base Price for the five and one-half percent segment. The Base Price is defined as the highest price posted for like crude oil on the day of delivery in the Wilmington, Long Beach (Signal Hill), Huntington Beach, and Inglewood oil fields among the postings of Chevron, Mobil, Texaco, and Union.

Due to Fletcher's inability to obtain letters of credit, the two contracts were assigned to Enron Oil Trading and Transportation Company effective May 1, 1992.

The State Lands Commission must notify the City of Long Beach to direct the Field Contractor to offer the oil for competitive bid.
