## OTHER PERTINENT INFORMATION:

1. Rent: These are existing leases that are in the process of having the rent adjusted in accordance with the terms of the leases. During the processing of the rent adjustment the Lessee and the staff of the Commission felt that the leases needed to be revised to incorporate some changes in the rental methods and the means by which the rent was collected so that these leases would be more consistent with other similar leases of the Commission. Also these leases have been modified significantly in their early years and because of the many changes to the terms and conditions, these leases are difficult to interpret and administer both for the staff and the Lessee. In order to make the leases easier to enforce and manage the proposed amendments have been drafted to incorporate into one document all of the previously modified terms and conditions.

The most significant change that is incorporated into the revised leases is modification to the percentage rent and a change to the types of rental that are subject to the percentage rent. Some of the items that had been subject to percentage rent have been provided by the Lessee as a service to the mooring public at cost, i.e. garbage collection and water reprovisioning. These types of income will no longer be included as a rental category.
2. Waiting Lists: Lessee is required by the mooring lease, Lease PRC 3639, to keep and maintain a list of parties wishing to sublease a mooring. The Lessee is required to provide annual copies of these lists to the Commission. The maintenance of these "wait lists" are costly. The information has been found to be of little use when moorings become available because the current lists are not up to date. The revised lease, Lease PRC 3639, contains a new provision that will allow the Lessee to recover the cost of maintaining these "wait lists" through charges to the individuals on each list. Such charges may not exceed the cost incurred by the Lessee. This will allow the Lessee to devote sufficient time and resources to keeping the "wait lists" current and up to date and will make any site that becomes available for mooring more readily

available to the next serious client. Costs recovered by the Lessee for maintaining these lists, as required by the lease, will not be considered as income for purposes of rental due the State.
3. CEQA: Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (14 Cal. Code Regs. 15061), the staff has determined that this activity is exempt from the requirements of the CEQA as a categorically exempt project. The project is exempt under Class 1, Existing Facilities, 14 Cal. Code Regs. 15301.

Authority: P.R.C. 21084 and 14 Cal. Code Regs. 15300 and 2 Cal. Code Regs. 2905(a)(2).
4. Significant Lands: This activity involves lands identified as possessing significant environmental values pursuant to P.R.C. 6370, et seq. but will have no direct or indirect effect on such lands.

IT IS RECOMMENDED THAT THE COMMISSION:

1. FIND THAT THIS ACTIVITY IS EXEMPT FROM THE REQUIREMENTS OF THE CEQA PURSUANT TO 14 CAL. CODE REGS. 15061 AS A CATEGORICALLY EXEMPT PROJECT, CLASS 1, EXISTING FACILITY, 14 CAL. CODE REGS. 15301. AND 2 CAL. CODE REGS. 2905(a)(2).
2. FIND THAT THIS ACTIVITY WILL INVOLVE LANDS IDENTIFIED AS POSSESSING SIGNIFICANT ENVIRONMENTAL VALUES PURSUANT TO P.R.C. 6370, ET SEQ., BUT THAT SUCH ACTIVITY WILL HAVE NO DIRECT OR INDIRECT EFFECT ON SUCH LANDS.
3. AUTHORIZE THE EXECUTION ON BEHALF OF THE COMMISSION OF AMENDED LEASES PRC 3639.1 AND PRC 6438.1 SUBSTANTIALLY IN THE FORM OF THOSE DRAFT AMENDED LEASES WHICH ARE ON FILE IN THE SACRAMENTO OFFICE OF THE COMMISSION.
