BACKGROUND:

The City of Long Beach (City) has a crude oil sales contract with Ultramar, Inc., (Ultramar) for crude oil allocated to the City from certain tracts (listed on Exhibit "A") within the Fault Block IV Unit and Fault Block V Ranger Zone Unit. Some of these tracts are tidelands tracts. This sales contract commenced on February 1, 1993, and is scheduled to expire on February 1, 1994. Ultramar is paying the City a bonus of \$0.19 per barrel above a Base Price defined as the arithmetic average of the prices posted for oil of like gravity and quality in the Wilmington, Long Beach (Signal Hill), Huntington Beach and Inglewood Oil Fields on the day of delivery by Chevron, Mobil, Texaco and Union. The City's share of production from these tracts is approximately 600 barrels per day of 19° API gravity crude oil.

The City proposes to re-offer this oil for sale by competitive public bid under a new sales contract to commence on February 1, 1994, and to expire on February 1, 1995. Specifications for the sale are listed in Exhibit "B" to this Calendar Item.

The Long Beach City Council approved the bid package on July 13, 1993. The City now requests State Lands Commission approval of the bid package.
