1500 Soscol Avenue

AREA, TYPE LAND AND LOCATION:

A 0.08-acre parcel of tide and submerged land in Mare Island  
Straits, Sandy Beach, City of Vallejo, Solano County.

LAND USE:

Existing deck and pier, along with a portion of the  
residence.

BACKGROUND

On April 1, 1868, the State issued patents pursuant to Tideland  
Survey Numbers 10 and 11, Solano County. In ensuing years, the  
patented area was subdivided into numerous small lots which were  
developed with homes built upon pilings. Staff has found that  
many of the porches, decks, and small portions of some residences  
encroached below the adjudicated low water line, onto sovereign  
lands.

The Office of the Attorney General has advised this Commission,  
that residential use is not consistent with the Public Trust  
under which the Commission holds State-owned sovereign lands and  
should be permitted at Sandy Beach only to the extent it now  
exists, for only so long as the State's lands are not needed for  
true Public Trust purposes.

CALENDAR ITEM NO. C30 (CONT'D)

The proposed lease contains specific provisions prohibiting expansion of the existing structures, and requires the removal of residential structures from the State's lands under specific circumstances. Because the structures to be authorized below the adjudicated low water line do not appear to constitute a nuisance, staff recommends issuance of the proposed lease subject to the conditions contained therein, including, but not limited to, the specific provisions for uses within the Public Trust Easement (those lands located between the adjudicated low water line and the high water line).

**OTHER PERTINENT INFORMATION:**

1. The Commission approved an Encumbrancing Agreement on December 17, 1992, for Lessee to improve the adjacent lands within the lease premises. The Lessee has completed improvements and is acquiring a thirty (30) year mortgage with The Vintage Bank, and the bank has substantiated that a new forty year lease (thirty years + ten years) is necessary for loan. Also, a new Encumbrancing Agreement consenting to a loan amount up to \$200,000 for the term of lease will be executed.
2. The State reserves the right to reexamine the insurance and bond coverage on each modification date for rent, and make adjustments as may be appropriate to reflect the values at that time.
3. Lessee agrees to the terms and conditions of the proposed lease and encumbrancing agreement, and the existing permit and encumbrancing agreement will terminate effective October 31, 1993.
4. On September 6, 1990, the San Francisco Bay Conservation and Development Commission granted permit #2-90 for this project under its certified regulatory program (14 Cal. Code Regs 15251 (h)).

Code Regs 15253 (b), have been met for the Commission to use the environmental analysis document certified by the San Francisco Bay Conservation and Development Commission as a Negative Declaration substitute in order to comply with the requirements of CEQA.
6. This Activity involves lands identified as possessing significant environmental values pursuant to P.R.C. 6370, et seq. Based upon the staff's consultation with the persons nominating such lands and
