BACKGROUND:

At this present time, the State is receiving in money its royalty share of crude oil (approximately 800 B/D) from four State Oil and Gas leases within the Huntington Beach Field, Orange County. At the State's option, exercised upon ninety (90) days written notice, the Lessee (CalResources) shall deliver to the State, in kind, its royalty share of oil.

STAFF RECOMMENDATIONS:

Section 6815.1 of the Public Resources Code governs the sell-off of royalty oil and provides that when oil is taken in kind by the Commission it shall be sold only to the highest responsible bidder upon competitive public bidding and the bidding shall be pursuant to specifications and forms adopted by the Commission prior to publication of the notice to bidders. The staff recommends that the Commission, at this time, authorize the sale of royalty crude oil from the leases and adopt the specifications for the sell-offs which are listed on Exhibit "A". Staff also recommends that the Commission adopt the forms prepared by the staff for use in the sell-offs, which are the notice inviting bids, bid proposal, and the crude oil sales contracts, copies of which are on file in the Commission's office in Long Beach.

After the bids are solicited and the highest responsible bidder is determined, the staff will return to the Commission with a recommendation regarding the award of the sales contract.

The oil will be delivered without any change in the existing oil production and transportation facilities.

OTHER PERTINENT INFORMATION:

1. Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (14 Cal. Code Regs. 15061), the staff has determined that this activity is exempt from the requirements of the CEQA because the activity is not a "project" as defined by CEQA and the State CEQA Guidelines.

Authority: Public Resources Code 21065 and 14 Cal. Code Regs. 15378.
