**LESSEE:**

Tri-Valley Oil & Gas Co.  
230 So. Montclair, Suite 101  
Bakersfield, California 93309

**AREA, TYPE LAND AND LOCATION:**

State Oil and Gas Lease PRC 7657 contains 195 acres in the bed of the False River, Serpent Slough and Short Slough, Contra Costa County.

**BACKGROUND:**

State Oil and Gas Lease PRC 7657 was issued on September 23, 1992. The original lease contained 195 acres in the bed of False River, Serpent Slough and Short Slough. On May 3, 1995, the Commission approved the lessee's request for a pooling of 140 State acres into the "Webb Tract Unit No. 1".

The original lease had a drilling term of three years which required a well to be drilled into the leased lands within that time period. Tri-Valley has drilled a well on adjacent lands and unitized 140 acres of the State lease into the "Webb Tract #1". The initial drilling term of the remaining 55 unpooled acres expired on September 23, 1995. Tri-Valley Oil & Gas Co (Tri-Valley), by letter dated October 12, 1995, has requested a one year deferment of the drilling obligation on the remaining unpooled 55 acres in State Oil and Gas Lease PRC 7657. Tri-Valley intends to pursue a development program in the area and will need additional time to evaluate data to determine future drilling locations.
