The staff of the State Lands Commission was contacted in August 1995 by the First American Title Company regarding an approximately 36 acre parcel of land within the City of San Mateo, San Mateo County. The subject parcel, the general location of which is shown on Exhibit A (attached and incorporated by reference), is presently in the record ownership of the California Jockey Club, a Delaware corporation (referred to here as the "CJC"). The subject property has been filled and is removed from San Francisco Bay. The CJC has an application pending before the City of San Mateo to develop the subject property for business offices in a campus setting. The subject property adjoins an earlier settlement of land title among the CJC, the City of San Mateo, and the State Lands Commission, which was recorded in 1990.

CALENDAR ITEM NO. C75 (CONT'D)

The purpose of the settlement now before the State Lands Commission is to enter an agreement as to lands in the record ownership of the CJC which lie inland of the first settlement. The staff of the Commission has completed research of land title records and the historic topography of the site. The research has shown that:

1. The subject property lies waterward of Rancho de las Pulgas;
2. The subject property was, prior to filling, within tidal marsh interspersed with tidal sloughs tributary to San Francisco Bay; and
3. All or a part of the subject property remains subject to a Public Trust Easement administered by the City of San Mateo pursuant to its legislative grant. The existence, nature, and extent of remaining sovereign interests in the subject property is disputed by the CJC.

The staff, working with the CJC and the staff of the City of San Mateo, has negotiated a settlement of sovereign title interests in the subject property. The settlement has been memorialized in a draft settlement agreement now on file in the offices of the Commission in Sacramento. Through the settlement, the City will quitclaim its granted lands interests in the subject parcel to the State so that the State Lands Commission may use the authority conferred by Public Resources Code Sections 6307 and 8600-8633 to enter a land exchange. The CJC will place the sum of \$75,000 into the Kapiloff Land Bank Fund for the purchase of other land useful for public trust purposes, with an emphasis upon locating land, for a period of three years for purchase in the City of San Mateo.

The staff has determined the value of the subject property and has evaluated the evidence relating to the title history of the property and recommends entry into the settlement at the amount specified. The settlement will allow development to proceed on a parcel of land that is no longer useful for public trust purposes or the purposes specified in the grant to the City of San Mateo while contributing funds for the purchase of other land.
