CALENDAR ITEM NO. C49 (CONT'D)

BACKGROUND:

On October 31, 1994, the California Desert Protection Act of 1994 (CDPA) was signed into law by the President (Public Law 103-433). The CDPA designates 3.6 million acres in Southern California as wilderness to be administered primarily by the Bureau of Land Management (BLM), and 4 million acres as additions to the National Park Service (NPS) system.

The purpose of the CDPA is to set aside areas in the California Desert to protect the desert's natural, cultural, scenic, and historical values and to provide for public enjoyment. Of the 3.6 million acres, 266,000 acres (462 parcels), are State school land parcels owned in fee and an additional 65,000 acres (168 parcels) are encumbered by the State's reserved mineral interests. The fee and mineral school land interests are both administered by the California State Lands Commission (SLC) for the benefit of the State Teachers' Retirement System (STRS).

At its November 15, 1994, meeting, the SLC approved Calendar Item No. C114, authorizing staff to enter into an agreement with the U.S. Department of Interior (DOI) and to take all other actions necessary to expeditiously implement the provisions of the CDPA.

At its October 17, 1995, meeting, the SLC approved Calendar Item No. C97, authorizing the Executive Officer or his designee, to enter into and execute the Memoranda of Agreement (MOA) between the SLC, DOI, BLM and the U.S. General Services Administration (GSA) to facilitate the exchange of lands or interests therein pursuant to the provisions of Section 707 of the CDPA.

At its February 27, 1996, meeting, the SLC approved the transfer of nine parcels of State school land with an appraised value of \$992,686 to the BLM. This transaction has been completed and the \$992,686 has been deposited into the School Land Bank Fund.

CURRENT SITUATION:

Ownership of two State school land parcels totaling 800 acres with an appraised value of \$144,000 are being proposed for transfer to the BLM, in consideration for monies generated from the sale of surplus properties by GSA which will be used to compensate the SLC for said lands as provided for in the CDPA and
