**ACCEPT THE FULL QUITCLAIM FOR  
GEOTHERMAL LEASE NO. PRC 6378,  
IMPERIAL COUNTY**

**APPLICANT:**

Vincent Signorotti, Manager of Lands  
Magma Power Company  
551 W. Main Street, Suite 1  
Brawley, California 92227

**AREA, TYPE LAND AND LOCATION:**

The leased land includes approximately 40 acres of fee-owned State land located in the SE ¼ of the SE ¼ of Section 14, T11S, R13E, SBM and situated adjacent to the Salton Sea in northwest Imperial County.

**BACKGROUND:**

Lease No. PRC 6378 was initially issued by the Commission in 1983 as A Geothermal Prospecting Permit to Bear Creek Mining Company, a division of the Kennecott Corporation (Kennecott). The Commission approved an extension of the permit for two years in 1985 that allowed for drilling a geothermal test well (State 2-14) that indicated the presence of commercial geothermal resources. Based on test results from this well, the Commission issued a Geothermal Resources Lease to Kennecott in 1987. No other exploration or development has been conducted on the leased land.

In 1989, the Commission approved an assignment of 100 percent of the right, title, and interest under the lease from Kennecott to Freeport-McMoRan Resources Partners (Freeport). In March 1994, the Commission approved an assignment of 100 percent of the right, title and interest under the lease from Freeport to Magma Power Company (Magma).

Pursuant to Paragraph 36 of the lease, Lessee may file with the State, at any time, a written quitclaim of all rights under this lease or of any portion of the leased land as provided in Section 6804.1 of the Public Resources Code. On September 18, 1996,

The quitclaim is effective when filed with the State subject to terms and conditions of the lease. The Commission approved Magma's Notice of Intention to abandon geothermal well State 2-14, and on August 15, 1996, Magma advised the State that abandonment of State 2-14 was completed on July 19, 1996, and enclosed the final Report of Operations and well history for this well.
