**ACCEPT THE FULL QUITCLAIM OF  
NEGOTIATED SUBSURFACE (NO SURFACE USE)  
OIL AND GAS LEASE NO. PRC 3833  
CONTRA COSTA AND SACRAMENTO COUNTIES**

**LESSEE:**

Chevron U.S.A. Inc.  
P. O. Box 1392  
Bakersfield, California 93302

**BACKGROUND:**

Negotiated subsurface (no surface use) Oil and Gas Lease No. PRC 3833 (Lease) was issued to Standard Oil of California (50 percent) and Shell Oil (50 percent) on September 25, 1967. Shell Oil assigned its 50 percent interest to Chevron U.S.A. Inc., effective June 1, 1982. Lease No. PRC 3833 contains 2,300 acres of tide, submerged and proprietary lands in the bed and vicinity of Suisun Bay in Contra Costa and Sacramento Counties, California (leased lands). Under the terms of the Lease, the lessee is required to pay an annual rental of \$1 per acre (\$2,300 for 2,300 acres) and a royalty on oil (sliding scale) and gas of not less than 16  $\frac{2}{3}$  percent. No wells have been drilled on or into the leased lands.

Public Resources Code Section 6804.1 and Lease Paragraph 5 permit the lessee to make at any time a written quitclaim of all rights under the lease or of any portion of the leased lands comprising a ten-acre parcel or multiple thereof in a compact form. The quitclaim will be effective when it is filed with the State subject to the continued obligation of the lessee and its surety to pay all accrued rentals and royalties and to abandon all wells drilled on the leased lands.

On October 30, 1996, the Commission's Long Beach office staff received the document "Quitclaim Deed for State Oil and Gas Lease". This document was dated October 29, 1996, and quitclaims back to the State all of the lessee's right, title and interest in the leased lands described in Exhibit "A" of Oil and Gas Lease No. PRC 3833 dated September 26, 1967.
