Staff of the Commission has been requested by a representative of Shamrock Materials Inc.; La Terra, a Partnership; and Benjamin R. Ostlind, (collectively referred to as Shamrock) to determine the extent of State interest within a 4.56 acre parcel of land (TRUST TERMINATION PARCEL) located within the City of San Rafael. The TRUST TERMINATION PARCEL is shown for reference only on Exhibit A (which is attached and incorporated by reference as a part of this item).

Commission staff has conducted a study of the evidence of title to the TRUST TERMINATION PARCEL and has drawn a number of factual conclusions, including those summarized below:

1. Portions of the TRUST TERMINATION PARCEL were purportedly patented by the State to Timothy Mahon on November 12, 1868 as Survey No. 1, and on February 3, 1869 as Survey No. 28, Swamp and Overflowed lands, Marin County.

**CALENDAR ITEM NO. C43 (CONT'D)**

2. Within the perimeter description of Swamp and Overflowed Survey Nos. 1 and 28 were several substantial tidal sloughs that traversed the area, and marshes which may have been subject to tidal action.

3. By Chapter 83, Statutes of 1923, as amended, the State of California granted in trust to the City of San Rafael all tide and submerged lands, whether filled or unfilled, within the City's boundaries.

The staff is of the opinion that the title evidence and the applicable legal principles lead to the conclusion that a portion of the TRUST TERMINATION PARCEL remains subject to sovereign title interests held by the City of San Rafael subject to supervisory and reversionary interests of the State of California. The exact extent and nature of the State's interest is, however, subject to uncertainty and dispute.

Shamrock contends that, in its last natural condition, the TRUST TERMINATION PARCEL was above the line of ordinary high tide. Further, Shamrock contends that any portion of the TRUST TERMINATION PARCEL which may have been below the Ordinary High Water Mark was conveyed or was intended to be conveyed by Survey Nos. 1 and 28, Swamp and Overflowed lands, Marin County. The position of Shamrock is that, if any public trust interests existed in the TRUST TERMINATION PARCEL, they have been extinguished by the filling of the property, payment of taxes, and curative acts of the Legislature.

Shamrock, the City of San Rafael, and the Commission staff have reached a settlement of this dispute which has been memorialized in a title settlement agreement which is on file with the office of the State Lands Commission. The Agreement utilizes Chapter 1742, Statutes of 1971, which authorizes the City to settle title to historic tide or submerged lands within the City's grant. The consideration provided in an agreement terminating the public trust interests is required to be approved by the State Lands Commission.

The basic terms of the Agreement in this case are as follows:

A. The City, acting as trustee pursuant to Chapter 83, Statutes of 1923, as amended, shall quitclaim to Shamrock any and all sovereign interests in the Trust Termination Parcel it may hold by virtue of that statute, as amended.

B. The State shall quitclaim to Shamrock any and all of the State's rights by virtue of its sovereignty in the Trust Termination Parcel reserved to the State by Chapter 83, Statutes of 1923, as amended.

**CALENDAR ITEM NO. C43 (CONT'D)**

C. Shamrock will make a contribution of the sum of \$75,000 to a land bank fund administered by the City of San Rafael for the acquisition of land in or along the present San Rafael Canal, which property shall take on the legal character of tide and submerged lands granted to the City of San Rafael pursuant to Chapter 83, Statutes of 1923, as amended.

The Staff of the Commission recommends the approval and execution of the proposed Agreement in a form similar to that now on file in the Commission's offices.

**OTHER PERTINENT INFORMATION:**

1. Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (Title 14, California Code of Regulations, section 15061), the staff has determined that this activity is exempt from the requirements of the CEQA as a statutorily exempt project. The project is exempt because it involves settlements of title and boundary problems.  
Authority: Public Resources Code section 21080.11.
