**CONSIDER APPROVAL AND EXECUTION OF A TITLE SETTLEMENT AND  
EXCHANGE AGREEMENT, RESOLVING TITLE TO REAL PROPERTY IN AND  
ALONG THE SOUTH FORK OF THE KINGS RIVER, KINGS COUNTY**

**APPLICANT:**

Ruble Farms, Inc.,  
A California Corporation  
31216 Road 132  
Visalia, California 93277

**BACKGROUND:**

In 1982, the staff was contacted by a surveying firm engaged in a boundary survey for John H. Crosswell and Crosswell Pollination Service (Crosswell), regarding ownership and title to property located along the South Fork of the Kings River, in Kings County.

Discussions and subsequent research disclosed that Crosswell was using filled sovereign land which was part of the historic bed of the South Fork of the Kings River, and that some of Crosswell's land was within the present channel. Further research revealed that these conditions were caused by a re-alignment project by the Corps of Engineers in the 1960's prior to Crosswell's occupation of the property.

Crosswell and the staff negotiated an agreement as to the sovereign lands involved. The State Lands Commission by its approval of Minute Item #23 at its March 28, 1985 meeting authorized a title settlement agreement with Mr. Crosswell. In the agreement, UPLAND PARCELS 1, 2 and 3 (shown in their general locations on Exhibit A) were to be conveyed to Crosswell free of any sovereign interest. In exchange, Crosswell was to convey to the State RIVER PARCELS A, B, C, and D, ACCESS PARCEL E, also shown generally on Exhibit A, and deposit \$3,900 into the Kapiloff Land Bank Fund. Parcels A through D are in the present South Fork of the Kings River, as realigned; Parcel E is an upland parcel

which adjoins the River and a public highway. The land conveyance to Crosswell would have totaled 6.47 acres; the land to be conveyed to the State totaled 4.28 acres; the \$3,900 payment from Crosswell was to go to the Land Bank Fund pursuant to Section 8625 of the Public Resources Code.

The prior agreement with Crosswell was never fully executed and Crosswell conveyed the property to Ruble Farms, Inc. (Ruble) in 1990. Ruble now seeks a title settlement agreement with the Commission. Thirteen years have passed since the prior Commission action, therefore a re-evaluation of the property was conducted by staff. Their conclusion was that the difference in value between the exchange parcels now equaled \$4,500. The newly proposed settlement includes an exchange as proposed above, and in addition quitclaims any interest each party may have on opposing sides of an agreed and fixed common boundary line.

The proposed agreement has been drafted to include removal of any public trust claims to the Upland Parcels utilizing Division 6 and 7, (including but not limited to Sections 6307 and 8625) of the Public Resources Code. The staff recommends Commission approval and execution of the Exchange Agreement in a form substantively to that now on file in the Commission's offices. The UPLAND PARCELS, as referred to above, have been filled and cut-off from the waters of the South Fork of the Kings River. The RIVER PARCELS and ACCESS PARCEL, as referred to above, to be conveyed to the State will provide State ownership within the present waterway and adjacent banks and access from a public road to and along a portion of the left bank of the River. A dedicated roadway presently exists to both the left and right banks of the river within the subject area. For purposes of clearing title to all lands involved the UPLAND PARCELS have been consolidated with the adjacent lands and are described in Exhibit C as UPLAND PARCEL. The RIVER PARCELS and ACCESS PARCEL have likewise been consolidated in Exhibit D and referred to as RIVER PARCEL. These parcels are depicted on Exhibit E.

Staff has appraised the UPLAND PARCEL and the RIVER PARCEL to be conveyed to the State and has found that the state's interest in the UPLAND PARCEL to be more valuable by \$4,500. The contribution of that amount will make up for the difference in value.
