**CONSIDER APPROVAL OF  
A TITLE SETTLEMENT AGREEMENT  
INVOLVING CERTAIN REAL PROPERTY IN THE  
CITY OF BLYTHE, RIVERSIDE COUNTY  
PURSUANT TO PUBLIC RESOURCES CODE SECTION 6307  
AND THE KAPILOFF LAND BANK ACT**

**APPLICANT:**

COLORADO RIVER 500, LLC  
c/o Walt Thome  
2082 East Southern Avenue, Suite G-101  
Tempe, Arizona 85282

**BACKGROUND:**

The property involved in this proposed Title Settlement Agreement involves lands sold by the State of California in the 19th Century as Swamp or Overflowed Lands. Over the years the Colorado River shifted west and later (1943) was rechannalized (9th Avenue Cut) to the east so that at various times the lands have been in California or Arizona. The area today consists of the last natural channel of the Colorado River, the current channel and the lands lying between them. All of the lands are today within California. In 1967 one of the farmers in the area, Arnold Travis requested a Boundary Line Agreement along the Colorado River involving the northeast edge of the subject property. Subsequently a lawsuit (*Travis v Haddock*, Riverside Superior Court No. 83299) was brought between two farmers in the area seeking to quiet title. The California State Lands Commission (CSLC), on April 25, 1968, by Minute Item 50, authorized the Attorney General to protect the State's interest. The lawsuit was then dismissed. On June 19, 1968, by Minute Item 50, the Commission took the affirmative step of formally asserting its claim to the west half of the 1942 channel at the 9th Avenue Cut.

Further litigation over the subject property was initiated when the United States brought a quiet title action against Shaw Sales, Travis, Palo Verde Irrigation District (PVID), the State of California and others on July 17, 1972. That action was dismissed in 1973 in

CALENDAR ITEM NO. C97 (CONT'D)

contemplation of settlement (which never transpired). Nine stipulations and orders extending time to consummate the settlement were filed in US District Court (USDC).

After 1972 the focus of title issues in the Palo Verde Valley shifted just north of 9th Avenue to Olive Lake, where for the next several years the lands in dispute were litigated first in United States District Court and later the Ninth Circuit. That case, *US v Aranson*, also originally filed on July 17, 1972, involved the United States, on behalf of the Colorado River Indian Tribes (CRIT), seeking to quiet title to thousands of acres of lands being farmed by several farmers who based their titles on S&O land patents. This quiet title action, involving the Olive Lake Bend former channel of the river, also included Travis, PVID, the State of California, and others to determine the ownership of both the cut-off channel and the lands lying between the former channel and the present channel of the Colorado River. The lands were originally in California and patented as S&O lands by the US and California. Subsequently, the river eroded the west bank and migrated westerly into those S&O lands in California, ultimately resulting in much of the area ending up on the accreted Arizona eastern bank. Then in 1920 an artificial cut was made in the river, resulting in a new artificial channel being located easterly, where it is today (similar scenario to 9th Avenue - except the cut there was made in 1943).

The ongoing case before the United States Supreme Court, *Arizona v California*, US Original 8, continues to deal with the issues of water rights and ownership of lands in and along the Colorado River between Parker and Blythe. The Interstate Compact establishing the boundary between Arizona and California generally used the channel location in the 1960s, thereby leaving three cut-off former natural channels along this stretch of the river wholly in California -- Alligator Slough, Olive Lake, and 9th Avenue. All of these cut-off lands (not the riverbeds) are within the CRIT reservation, except the southern portion of the 9th Avenue Cut area.

The 1977 decision of the trial court in *Aranson* established the State of California as the owner of the western half of the former Olive Lake Bend. No appeal was taken from that portion of the judgment. On appeal, the Ninth Circuit in, *US v Aranson*, 696 F2d 654 (1981), affirmed the District Court. CRIT was held to be the owner of the eastern half of the former channel and cut-off lands. In a separate opinion, dissenting in part, Circuit Judge Trask stated that Arizona was the rightful owner of the eastern half of the former channel. The US Supreme Court denied CRIT's petition for a writ in 1983. On remand, Arizona filed a counterclaim and in 1985 CRIT settled their claims and the CSLC subsequently entered into certain exchange agreements with Travis and other

CALENDAR ITEM NO. C97 (CONT'D)

farmers in the area resolving the title issues in the western half of the former channel.

That brings us back to 9th Avenue. Following the 1977 District Court decision in *Aranson*, the parties in *US v Shaw* sought to negotiate and file a stipulated judgment in the case in 1978. The negotiations over the stipulation continued until 1984 when the US sought to set aside the 1973 dismissal. The court refused to set the dismissal aside. Meanwhile, Shaw sought to settle his title claims with California. A proposed exchange was discussed with Shaw in 1980. Negotiations with the US continued. CSLC staff ultimately conveyed a draft agreement to Shaw in 1985. Commission staff conducted appraisals of the property in 1980, 1985, and 1992. Mr. Carnes, Shaw's attorney, met with Commission staff in 1985 and discussed the same basic exchange as was discussed with Shaw in 1980. Commission staff spent the next 6 years making offers and counteroffers to Mr. Carnes.

In December 1991, Shaw Sales filed a quiet title action over the portion of the ranch lying westerly of the west bank of the 1942 channel. The Commission authorized entry of a stipulated judgment in the case which was filed in March 1992. The stipulation also settled the location of California's claim to the west half of the 1942 channel. Over the next several years additional negotiations took place with the goal of exchanging those portions of California's western half of the now dry 1942 abandoned channel for certain nearby lands with public trust habitat value.

On June 21, 1993, by Minute Item 1, the Commission, at the request of Riverside County LAFCO, approved the annexation boundaries and consented to the annexation of its interest in the subject property into the City of Blythe. In July 1993, Commission staff met with staff members of the United States Fish & Wildlife Service, the California Department of Fish and Game and four representatives of CR500, in Blythe. Based upon that meeting CSLC staff outlined possible settlement scenarios. A draft agreement was conveyed to CR 500 and numerous proposed modifications have been negotiated.

The staff of the Commission has conducted an extensive study and investigation of the area and has examined historical maps, aerial photos, hydrological data, and other evidence concerning the area in an effort to determine the location of the ordinary high water mark and the ordinary low water mark of the western half of the Colorado River in 1942, just prior to the rechannelization of the river in the area.

The parties recognize that, unless the disputes regarding the claimed ownership of the subject property are settled by negotiation and compromise, each of them will expend

CALENDAR ITEM NO. **C97** (CONT'D)

substantial sums of money in litigation of their conflicting claims of ownership of or interests in the subject property, the results of which are uncertain, and that is in their best interests and in the best interests of the general public that a compromise agreement be made by way of a boundary line, exchange and title settlement agreement.

After lengthy negotiations the Commission staff and CR 500 representatives have reached a proposed agreement for the resolution of the conflicting claims. The proposed Agreement provides that:

- (1) CR 500 will convey to STATE certain water-covered and wildlife habitat lands (WATER AND HABITAT PARCEL) located within the boundaries of the SUBJECT PROPERTY, as described in Exhibit C, reserving therefrom a relocatable one hundred twenty (120) foot wide parcel (PRIMARY EASEMENT), as described and defined in Exhibit D, for a public right-of-way and for CR 500's ingress and egress through the WATER AND HABITAT PARCEL.
- (2) CR 500 will quitclaim to STATE the bed of the Colorado River (EXHIBIT E - RIVER PARCEL), in its present location, lying south of the southern boundary of the Colorado River Indian Tribes (CRIT) Reservation, east of the UPLAND PARCEL (EXHIBIT F) and west of the Compact Line separating the State of Arizona from the State of California, reserving therefrom in favor of the CR 500, necessary access rights to the river and any existing water rights.
- (3) CR 500 will grant to STATE a twenty (20) foot wide pedestrian easement for public ingress and egress to the bank of the Colorado River (PEDESTRIAN EASEMENT) along the southerly boundary of the SUBJECT PROPERTY, as described in Exhibit H.
- (4) CR 500 will grant to STATE a twenty (20) foot wide relocatable easement for vehicular and pedestrian ingress and egress (VEHICULAR AND PEDESTRIAN EASEMENT- EXHIBIT I ) over the SUBJECT PROPERTY from the southwesterly boundary of the SUBJECT PROPERTY to the right descending bank of the Colorado River as described in the agreement and depicted on Exhibit K.
- (5) CR 500 will quitclaim to STATE a fifty (50) foot buffer zone (BUFFER

CALENDAR ITEM NO. C97 (CONT'D)

**ZONE PARCELS - EXHIBIT J) bordering each side of the WATER AND HABITAT PARCEL, reserving therefrom a relocatable one hundred twenty (120) foot wide parcel (PRIMARY EASEMENT), as described and defined in Exhibit D, for a public right-of-way and for CR 500's ingress and egress through the BUFFER ZONE PARCELS. The BUFFER ZONE PARCELS along with the WATER AND HABITAT PARCEL are intended to be leased to the California Department of Fish and Game, in the event that the State Department of Fish and Game declines to lease said parcels, then the Commission may lease the parcels to CR 500, for the purpose of conducting a mitigation project and/or establishing and maintaining a buffer zone between the WATER AND HABITAT PARCEL and the remaining portions of the SUBJECT PROPERTY.**

- (6) CR 500 will place into escrow deeds to the STATE for two parcels of land (NORTH PARCEL - EXHIBIT N and NORTHEAST PARCEL - EXHIBIT G). Should CR 500 not be able to convey to STATE that portion of the WATER AND HABITAT PARCEL and BUFFER ZONE PARCELS lying within the former Arizona half of the 1942 Channel (EXHIBIT M - FORMER EASTERN CHANNEL) within two years of the effective date of the proposed agreement, then the Escrow Officer shall record the deeds to the STATE. Should CR 500 pass an after-acquired title from the State of Arizona to STATE of the FORMER EASTERN CHANNEL lands within the prescribed period, the Escrow Officer will return the deeds to CR 500.**
- (7) CR 500, on behalf of its agents, successors and assigns, will covenant that they will not take any action to bar public access and/or recreational use on or over the existing Bureau of Reclamation (BOR) roadways, until substitute public access ways have been provided.**
- (8) CR 500 will make the payment of \$25,000 into the Land Bank Fund described above.**
- (9) CR 500 and the STATE agree that the Ordinary Low Water Mark (OLWM) along the current location of the Colorado River is the boundary between STATE owned sovereign land in the river and uplands held by CR 500. Further, that those lands held by CR 500 and which abut the Colorado River and are located landward of the OLWM and waterward of the Ordinary High Water Mark (OHWM) are subject to a public trust easement**

CALENDAR ITEM NO. C97 (CONTD)

for commerce, navigation, recreation and conservation of natural resources held by the STATE. The parties agree that the OHWM and the OLWM are to be fluctuating, ambulatory lines located at the Ordinary High and Low Water Marks on the bank of the Colorado River.

In exchange for such conveyance and covenants by CR 500 to the STATE, the STATE will:

- (1) Quitclaim to CR 500 all right, title and interest to and within the UPLAND PARCEL (EXHIBIT F), including, but not limited to, any and all public rights or interests in the UPLAND PARCEL arising by means of an implied dedication to a public use, excepting and reserving therefrom in favor of the STATE all interests in and rights to the WATER AND HABITAT PARCEL (EXHIBIT C), RIVER PARCEL (EXHIBIT E), BUFFER ZONE PARCELS (EXHIBIT J), VEHICULAR AND PEDESTRIAN EASEMENT (EXHIBIT I), and PEDESTRIAN EASEMENT (EXHIBIT H).
- (2) Lease to CR 500 an area for dredging and all related matters associated with the dredging of that portion of the bed of the Colorado River (DREDGING LEASE AREA - EXHIBIT L) for a period of 49 years, rent-free, for purposes of creating and maintaining an open navigable access way for ingress and egress to a marine facility, turning basin, and related improvements associated with a marina within the boundaries of the SUBJECT PROPERTY.
- (3) As additional consideration for the agreements and covenants contained herein the State agrees to cooperate with CR 500 in its desire to terminate, extinguish and release of record those certain easements in favor of Travis Farms, a co-Liability Company, recorded July 17, 1968, as Instrument No. 68069 and recorded January 20, 1971, as Instrument No. 6085 of Official Records of Riverside County, California (given for the purpose of excavation, establishment, maintenance and dredging of a marina, together with the right of access to and from).

**EXHIBITS:**

- A - Map depicting SUBJECT PROPERTY
- B - Description of the SUBJECT PROPERTY
- C - Description of the WATER AND HABITAT PARCEL
- D - Description of the PRIMARY EASEMENT

CALENDAR ITEM NO. C97 (CONT'D)

- E - Description of the RIVER PARCEL
- F - Description of UPLAND PARCEL
- G - Description of NORTH EAST PARCEL
- H - Description of PEDESTRIAN EASEMENT
- I - Description of VEHICULAR AND PEDESTRIAN EASEMENT
- J - Description of the BUFFER ZONE PARCELS
- K - Depiction of the RIGHT DESCENDING BANK
- L - Description of DREDGING LEASE
- M - Description of FORMER EASTERN CHANNEL PARCEL
- N - Description of NORTH PARCEL

**IT IS RECOMMENDED THAT THE COMMISSION:**

1. FIND THAT THE ACTIVITY IS EXEMPT FROM THE REQUIREMENTS OF THE CEQA PURSUANT TO 14 CAL. CODE REGS. 15061 AS A STATUTORY EXEMPT PROJECT PURSUANT TO PUBLIC RESOURCES CODE SECTION 21080. 11, SETTLEMENT OF TITLE AND BOUNDARY PROBLEMS, AND PUBLIC RESOURCES CODE SECTION 8631, AN ACTION TAKEN PURSUANT TO THE KAPILOFF LAND BANK ACT, PUBLIC RESOURCES CODE SECTION 8600, ET SEQ.
  
2. FIND THAT, WITH RESPECT TO THE PROPOSED TITLE SETTLEMENT AGREEMENT, INCLUDING THE EXCHANGE OF THE STATE'S INTEREST WITHIN THE AREA DESCRIBED IN EXHIBIT F, AND LEASE OF THE AREA DESCRIBED IN EXHIBIT K OF THIS CALENDAR ITEM FOR THE LANDS DESCRIBED IN EXHIBITS C AND J (INCLUDING THOSE PORTIONS OF C AND J WITHIN EXHIBIT M OR IF THE LANDS IN EXHIBIT M ARE NOT CONVEYED TO THE STATE WITHIN TWO YEARS OF THE EFFECTIVE DATE OF THIS AGREEMENT, THEN CONVEYANCE TO THE STATE OF THE LANDS DESCRIBED IN EXHIBITS G - NORTHEAST PARCEL AND EXHIBIT N - NORTH PARCEL) PLUS \$25,000 IN FUNDS WITH WHICH TO ACQUIRE OTHER INTERESTS IN REAL PROPERTY OF BENEFIT TO THE PUBLIC TRUST:
  - A. THE AGREEMENT IS IN THE BEST INTERESTS OF THE STATE AND CONSISTENT WITH PUBLIC TRUST NEEDS.
  
  - B. THAT THE LANDS TO BE CONVEYED TO THE STATE AS DESCRIBED IN FINDING 2 ABOVE PLUS THE \$25,000 TO BE PLACED IN THE KAPILOFF LAND BANK FUND IS EQUAL TO, OR GREATER THAN,

**EXHIBIT C**  
**UPLAND PARCEL**

**PARCEL 1:**

That portion of the Northeast one-quarter of Section 35, Township 12 South, Range 19 East, Mount Diablo Base and Meridian, Fresno County, California described as follows:

Beginning at the Northeast corner of said Section 35, thence South 1°02'40" East along the East line of said Section 35 a distance of 514.00 feet; thence South 88°20' West a distance of 448.00 feet to the true point of beginning; thence South 35°51' West a distance of 95.00 feet; thence South 47°44'15" West a distance of 410.00 feet; thence South 62°21'15" West a distance of 87.00 feet; thence South 36°15'15" West a distance of 722.00 feet; thence North 52°23" West a distance of 225.00 feet; thence South 39°54'15" West a distance of 288.00 feet; thence South 42°49' East a distance of 143.90 feet; thence South 47°21'15" West a distance of 340.00 feet; thence South 79°24' West a distance of 240.00 feet; thence North 4°56' East a distance of 655.00 feet; thence North 51°58' West a distance of 70.05 feet; thence North 19°00' West a distance of 759.20 feet; thence North 88°38' East a distance of 1424.00 feet; thence South 0°46' East a distance of 17.97 feet; thence North 88°46' East a distance of 436.55 feet to the true point of beginning.

**EXCEPTING THEREFROM** the following described land:

That portion of Section 35, Township 12 South, Range 19 East, Mount Diablo Base and Meridian, according to the Official Plat of the survey of said land on file in the office of the Bureau of Land Management, described as follows: Beginning at the Northeast corner of said Section 35; thence South 1°02'40" East, along the East line of said Section 35, a distance of 514.00 feet; thence South 88°20' West, a distance of 448.00 feet to the true point of beginning; thence South 35°51' West, a distance of 19.30 feet; thence North 0°52'30" East, a distance of 15.40 feet; thence North 88°46' East, a distance of 11.06 feet to the true point of beginning;

**EXCEPTING THEREFROM** one-half of all oil, gas and other minerals and mineral rights, whether metallic or non-metallic, together with all easements and rights necessary or convenient for the production, storage and transportation of oil, gas and minerals and the exploration and testing of said land and the right to drill for, produce and use water and incidental purposes as reserved by West Coast Life Insurance Company, a corporation, in Deed recorded April 30, 1951, in Book 3009, Page 234, of Official Records.

**ALSO EXCEPTING** that portion of Section 35, Township 12 South, Range 19 East, Mount Diablo Base and Meridian, according to the Official Plat of the survey of said land on file in the office of the Bureau of Land Management, described as follows:
