OTHER PERTINENT INFORMATION:

1. Applicant owns the uplands adjoining the lease premises. On November 5, 1991, the Commission authorized a General Lease - Recreational and Residential Use with Lorenze W. Pedersen. That lease expired on January 14, 2001. The proposed lease area is comprised of .069 acres for the existing walkway, boat dock and boathouse, which is rent-free pursuant to Section 6503.5 of the Public Resources Code. Rent is charged for the .022-acre parcel occupied by the stationary ark. It is staff's position, supported by advice from the staff of the Attorney General, that residential use is not consistent with the Public Trust Doctrine under which the Commission holds State-owned sovereign lands. Residential use is permitted at Black Point only to the extent it now exists, for only so long as the State's lands are not needed for true Public Trust purposes. The proposed lease contains terms and conditions that preclude any new or expanded residential use of lease premises. Lorenze W. Pedersen is now applying for a new General Lease - Recreational and Residential Use.

2. Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (Title 14, California Code of Regulations, section 15061), the staff has determined that this activity is exempt from the requirements of the CEQA as a categorically exempt project. The project is exempt under Class 1, Existing Facilities; Title 2, California Code of Regulations, section 2905 (a)(2).

Authority: Public Resources Code section 21084 and Title 14, California Code of Regulations, section 15300 and Title 2, California Code of Regulations, section 2905.

3. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code sections 6370, et seq. Based upon the staff's consultation with the persons nominating such lands and through the CEQA review process, it is the staff's opinion that the project, as conditioned, is consistent with its use classification.
