**CONSIDER APPROVAL OF PROPOSED SALE OF
ROYALTY CRUDE OIL FROM OIL AND GAS LEASES IN
ORANGE COUNTY**

PARTY:

California State Lands Commission
100 Howe Avenue, Suite 100-South
Sacramento, CA 95825-8202

BACKGROUND:

At this present time, the State is taking in kind and selling its royalty share of crude oil (approximately 1,100 B/D) from five Oil and Gas leases in Orange County. This royalty oil sales contract is scheduled to expire on June 1, 2002. Because of the long lead needed to re-offer for competitive bidding the royalty crude oil presently being purchased, it is necessary to begin the competitive sales process now.

Public Resources Code section 6815.1 governs the sell-off of royalty oil and provides that when oil is taken in kind by the Commission it shall be sold only to the highest responsible bidder upon competitive public bidding and the bidding shall be pursuant to specifications and forms adopted by the Commission prior to publication of the notice to bidders. Staff recommends that the Commission, at this time, authorize the sale of royalty crude oil from the leases listed on Exhibit A, attached hereto, and adopt the specifications for the sell-off which are listed on Exhibit B, attached hereto. Staff also recommends that the Commission adopt the forms prepared by the staff for use in the sell-off, which are the notice inviting bids, bid proposal, and the crude oil sales contract, copies of which are on file in the Commission's office in Long Beach.

After the bids are solicited and the highest responsible bidder is determined, the staff will return to the Commission with a recommendation regarding the award

of the sales contract. The oil will be delivered without any change in the existing oil production and transportation facilities.

The prices for the oil shall be computed to the closest tenth of each degree of API gravity and the closest tenth of a cent per barrel. A minimum bonus bid of \$0.25 per barrel above the posted price will be required. In addition, the purchaser will be invoiced monthly.
