2. On June 18, 2002, Minute Item 09, the Commission approved a new lease for the continued use and maintenance of an existing multi-use pier and catwalk, 18 mooring buoys and two marker buoys. Staff became aware that Lessee had made an error in reporting the number of existing marker buoys. There are a total of six existing marker buoys, two previously authorized by the Commission and four not previously authorized by the Commission.

On March 22, 1991, the United States Coast Guard issued a permit authorizing four additional marker buoys after several stationary boats in the buoy field were struck by a passing boat after dark. Lessee is now applying to amend the Lease to include the retention of four additional marker buoys.

3. Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (Title 14, California Code of Regulations, section 15061), the staff has determined that this activity is exempt from the requirements of the CEQA as a categorically exempt project. The project is exempt under Class 3, New Construction of Small Structures; Title 2, California Code of Regulations, section 2905 (c)(3).

Authority: Public Resources Code section 21084 and Title 14, California Code of Regulations, section 15300 and Title 2, California Code of Regulations, section 2905.

4. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code sections 6370, et seq. Based upon the staff's consultation with the persons nominating such lands and through the CEQA review process, it is the staff's opinion that the project, as proposed, is consistent with its use classification.
