OTHER PERTINENT INFORMATION:

1. The lease premises are former submerged lands that consist of the filled, natural bed of the Guadalupe River. Furthermore, the lease premises also contain lands quitclaimed to the Commission by the Applicant pursuant to Boundary Line Agreement 109, on file with the Commission. The Applicant has access to the leased premises, which is surrounded by public streets.

2. An EIR was prepared and certified for this project by the Santa Clara Valley Water District (SCH# 2000042051). The California State Lands Commission staff has reviewed such document and Mitigation Monitoring Program adopted by the lead agency, the Santa Clara Valley Water District, by Resolution No. 2002-48, dated July 9, 2002, adopted a Statement of Overriding Considerations for reduced travel speeds and potential delays for vehicles traveling through individual work zones associated with bridge-replacement activities even though such impacts will be temporary. Such impact will not occur within the Commission's jurisdiction.

APPROVALS OBTAINED:

San Francisco Bay Regional Water Quality Control Board, U.S. Army Corps of Engineers, California Department of Fish and Game, San Francisco Bay Conservation and Development Commission, and California Department of Transportation.
