THE PREPARATION OF ENVIRONMENTAL DOCUMENTATION FOR THE FUTURE
CONSIDERATION OF A PROPOSED 30-YEAR LEASE OF THE EXISTING SHELL
MARINE OIL TERMINAL BY SHELL OIL PRODUCTS, US, CITY OF MARTINEZ,
CONTRA COSTA COUNTY**

PARTY:

California State Lands Commission
100 Howe Avenue, Suite 100 South
Sacramento, CA 95825-8202

BACKGROUND:

Shell Oil Products, US (Shell), operates the marine oil terminal located on the south side of Carquinez Strait, about 1/2 mile west of the Benicia-Martinez Bridge in the City of Martinez, Contra Costa County. Shell leases 19.26 acres of public land as the marine terminal -- a barge and tanker petroleum loading/unloading facility. Shell's refinery operations use 850 acres of privately owned on-land (upland) property immediately south of the wharf.

The CSLC first issued a lease for the existing marine oil terminal to Shell Oil Company in 1948. The lease has been amended and renewed several times, and assigned to various Shell entities all by mutual consent of the CSLC and Shell. Recently the CSLC received a complete application from Shell for a new 30-year lease of sovereign public lands for its existing oil terminal.

PROPOSED ACTIVITY:

The Shell wharf and refinery have occupied the current location since 1915, transferring and processing crude oil and petroleum products, and are capable of operating year-round 24 hours a day.

In March 2003, Shell and CSLC mutually agreed to consider a new lease that would govern operations at the existing marine oil terminal for the next 30 years.
