**CONSIDER PRIOR APPROVAL OF SUBSIDENCE COSTS FOR  
VERTICAL MEASUREMENTS AND STUDIES,  
2004-2005 FISCAL YEAR, CITY OF LONG BEACH,  
LOS ANGELES COUNTY**

**APPLICANT:**

City of Long Beach  
Department of Oil Properties  
Attn.: Mr. Christopher J. Garner, Director  
211 E. Ocean Blvd., Suite 500  
Long Beach, CA 90802

**BACKGROUND:**

The City of Long Beach (City) conducts ground elevation measurement surveys and studies twice each year throughout the Harbor District for the purpose of monitoring changes that may be attributable to subsidence. The project consists of vertical measurements and studies in the City of Long Beach between July 1, 2004 and June 30, 2005. A major portion of the work effort and cost is in the vertical measurement (elevation) surveys and studies. The City estimates the cost of the work to be:

Vertical Measurements	\$125,000
Fixed GPS Base Stations	\$ 30,000
Studies, Evaluations, and Reports	<u>\$155,000</u>
	\$310,000

Historically, the primary method for monitoring vertical subsidence in Long Beach has been spirit leveling. The semi-annual surveys are now being conducted utilizing state of the art Global Position Satellite (GPS) technology. The estimated survey costs reflect continued operating efficiencies for GPS surveying. Field data collection time has been reduced by 50 percent (50%), and

the 800 spirit leveled benchmarks have been reduced to approximately 200 GPS benchmarks. Since implementing the GPS technology, costs for vertical measurements have decreased by over 50 percent (50%). Costs for vertical measurements for fiscal year 2004/2005 include survey acquisition, professional processing, reporting, benchmark maintenance, and mobile GPS equipment repair.

The estimated cost for fixed GPS stations includes base station service/maintenance, monitoring, equipment repairs, and technical support from the consultant.

**FISCAL IMPACT:**

Subsidence costs for vertical measurements and studies conducted in Long Beach are deducted from the Long Beach tidelands oil revenues, with the prior approval of the California State Lands Commission in accordance with Chapter 138, Statutes of 1964, First Extraordinary Session, Section 1(e).
