SPECIFIC LEASE PROVISIONS:

Liability insurance with coverage of no less than \$1,000,000.

Bond: \$20,000.

OTHER PERTINENT INFORMATION:

1. Applicant has a right to use the uplands adjoining the lease premises.
2. On October 25, 1984, the Commission approved a 14-year lease to Gene K. and Carrol A. Cartwright for a commercial marina. Sherwood Harbor Marina, a Limited Liability Company (LLC), entered into an option to purchase the property on June 1, 2004. Sherwood Harbor Marina, LLC, is applying for a new lease.
3. First National Bank is requesting that the Commission approve an Agreement and Consent to Encumbrancing of Lease, as secured party lender, in the amount of \$385,000. The purpose of the loan is to purchase the marina facilities.
4. Sherwood Harbor is a large marina and has experienced vandalism, as well as other security problems, which required immediate action. These factors support a limited and controlled presence of occupied navigable vessels to provide onsite monitoring and security. Three vessels are believed to be necessary for this purpose. Such vessels will be located in strategically designated berths, with appropriate arrangements to prevent the discharge of any materials into the aquatic environment, subject to the approval of staff. These security vessels will be required to leave the marina waters at least once for a minimum of six hours in each ninety-day period and submit an annual log to the staff of the Commission.
5. The facility has a Permit to operate the aboveground fuel storage tank, which serves its gasoline dispenser, from the Yolo-Solano Air Pollution Control District; however, this permit is not transferable. The new owners will be required to apply for a new permit.

CALENDAR ITEM NO. C02 (CONT'D)

6. The State Water Resources Control Board requires a permit for the aboveground storage tank. The permit will expire on June 30, 2006. The Board does not require the owner to retain onsite a fuel spill and fire response plan, but the marina retains a copy of the plan at the Lease Premises. The plan is also on file in the office of the State Lands Commission.
7. Sherwood Harbor Marina has two (2) 1,000 gallon fuel tanks located landward of the Lease Premises, i.e., diesel and gasoline, and one (1) fuel dispenser on the dock. Both of the fuel tanks are inspected and permitted by the city of West Sacramento Fire Department. The marina is also required to prepare a total hazardous materials inventory for the city of West Sacramento. Last inspection was done in May, 2004.

8. New Lease

Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (Title 14, California Code of Regulations, section 15061), the staff has determined that this activity is exempt from the requirements of the CEQA as a categorically exempt project. The project is exempt under Class 1, Existing Facilities; Title 2, California Code of Regulations, section 2905 (a)(2).

Authority: Public Resources Code section 21084 and Title 14, California Code of Regulations, section 15300 and Title 2, California Code of Regulations, section 2905.

9. Encumbrance of Lease

Pursuant to the Commission's delegation of authority and the State CEQA Guidelines [Title 14, California Code of Regulations, section 15060(c)(3)], the staff has determined that this activity is not subject to the provisions of the CEQA because it is not a "project" as defined by the CEQA and the State CEQA Guidelines.

Authority: Public Resources Code section 21065 and Title 14, California Code of Regulations, sections 15060 (c)(3) and 15378.

CALENDAR ITEM NO. C02 (CONT'D)

10. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code sections 6370, et seq. Based upon the staff's consultation with the persons nominating such lands and through the CEQA review process, it is the staff's opinion that the project, as proposed, is consistent with its use classification.
