**CONSIDER ACCEPTANCE OF THE PARTIAL QUITCLAIM  
OF NEGOTIATED LIMITED SURFACE USE  
STATE OIL AND GAS LEASE NO. PRC 8377.1, WITHIN THE  
GRIZZLY ISLAND WILDLIFE MANAGEMENT AREA,  
SOLANO COUNTY**

**LESSEE:**

Occidental Resources of California, LLC  
Attn.: Mr. Vance Wooley  
P.O. Box 1002  
Tupman, CA 93276

**AREA, LAND TYPE, AND LOCATION:**

Oil and Gas Lease No. PRC 8377.1 currently contains approximately 9,273 gross acres (5,163.5 net acres) of tide and submerged lands on Grizzly Island, Solano County, California.

**BACKGROUND:**

Negotiated limited surface use Oil and Gas Lease No. PRC 8377.1 (Lease) was issued to Occidental Resources of California, LLC (Lessee) on January 30, 2002, and has been amended twice, once on June 2, 2003, and again on August 19, 2003. The Lease contains approximately 9,273 gross (5,163.5 net) mineral acres in the Grizzly Island Wildlife Management Area, Solano County, California (see Location Map, Exhibit B, attached hereto). The State's mineral interests in the leased lands are of two types. One is derived from a fifty percent (50%) mineral interest in those lands underlying Grizzly and Hammond Islands under the jurisdiction of the Department of Fish and Game (DF&G). The other is a one hundred percent (100%) mineral interest in those lands under the jurisdiction of the California State Lands Commission (Commission) underlying Montezuma Slough, Grizzly Slough, Howard Slough and Roaring River. The DF&G administers all surface use of the Grizzly Island Wildlife Management Area.

CALENDAR ITEM NO. C53 (CONT'D)

Under the terms of the Lease, the Lessee is required to pay an annual rental of \$40.00 per net acre (\$206,540 for 5,163.5 net acres) and was required to commence drilling operations on the leased lands within three years. The Commission authorized two wells prior to the Lessee submitting a full development plan for the lease. One of those wells was drilled earlier this year. The information from that well, as well as the seismic information, has prompted the Lessee to quitclaim those portions of the lease, which do not appear commercially viable at this time, and are no longer considered for development by this Lessee.

Public Resources Code section 6804.1 and Lease Paragraph 30 permit the Lessee to make a written quitclaim at any time of all rights under the lease, or of any portion of the leased lands comprising a ten-acre parcel or multiple thereof, in a compact form. The quitclaim is effective when it is filed with the State subject to the continued obligation of the Lessee and its surety to pay all accrued rentals and royalties and to abandon all wells drilled on the leased lands. In this case, it is only a partial quitclaim, and the lease will continue in full force and effect in regard to that portion of the lease which is not being surrendered.

The Commission's Long Beach office staff received the document "Partial Quitclaim Deed for State Oil and Gas Lease" on December 8, 2004. The document was dated December 8, 2004, and quitclaims back to the State all of the Lessee's right, title and interest in approximately 4,755 acres of the leased lands, as described in Exhibit A, attached hereto, of Oil and Gas Lease No. PRC 8377.1. Exhibit B is a plat showing the quitclaimed lands and the retained lands with the estimated acreage for each. Exhibit C, attached hereto, delineates the portions of the leased lands being retained by the Lessee (i.e., the legal description of the lease acreage after quitclaim).

A review of the Commission's files reveals that no default exists on the Lease, that the Lessee has complied with all applicable laws and Lease provisions and has paid all rentals (no royalty is currently due as the one drilled well has not yet produced). No wells have been drilled on or into the proposed quitclaimed portion of the leased lands.

As stated above, the Lessee drilled and completed the first well on the retained lands within the time required by the Commission approval of the Lease. The annual rent for the retained 4,518 gross acres of land (2,435 net acres) has been recalculated to be \$97,400.00 beginning with the anniversary date of the Lease
