Combined single limit coverage of no less than \$1,000,000.

CALENDAR ITEM NO. C66 (CONT'D)

**OTHER PERTINENT INFORMATION:**

1. In conjunction with the proposed dredging project, the Port of San Diego (Applicant) proposes to remove 6,500 cubic yards of toe rocks and concrete debris from the lease premises. As to the adjacent seawall, the Applicant proposes to install geotextile fabric and a closed cellular concrete mat to provide stabilization to the seawall. Berths 10-3 to 10-6 are located outside of the lands legislatively granted to the Port of San Diego, at the Tenth Avenue Marine Terminal in San Diego Bay. Thus, berths 10-3 to 10-6 are located within sovereign lands under the jurisdiction of the State Lands Commission.
2. A sediment re-characterization study for the project was conducted in February of 2005. A CD-rom copy of the report is on file at the Sacramento office of the State Lands Commission.
3. A Mitigated Negative Declaration was prepared and adopted for this project by the San Diego Unified Port District. The California State Lands Commission's staff has reviewed such document.
4. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code sections 6370, et seq. Based upon the staff's consultation with the persons nominating such lands and through the CEQA review process; it is the staff's opinion that the project, as proposed, is consistent with its use classification.
