1. Lessees own the upland property adjoining the lease premises.

CALENDAR ITEM NO. C01 (CONT'D)

2. On December 8, 2005, the Commission authorized a new Recreational Pier Lease with Gary D. and Lynn P. Crosswhite for an existing pier, two mooring buoys, and five pilings. Shortly after Commission authorization, Lessees submitted a new application for a proposed pier modification, the installation of a new boat lift, and the removal and relocation of six pilings, and the retention of two mooring buoys. Since the Lease was never executed, staff is recommending that the authorization made by the Commission at its December 6, 2005, meeting be rescinded and that the Commission issue a new Recreational Pier Lease to include the previously authorized improvements and proposed pier modification project, and the one additional piling.
3. On October 13, 2006, staff signed a letter of non-objection that allowed the modification of the existing pier, the removal and relocation of six existing pilings and the installation of a boatlift to begin prior to Commission consideration.
4. Lessees qualify for a Recreational Pier Lease because they are natural persons who have improved the littoral land with, and use the upland for, a single-family dwelling.
5. **Rescission of Prior Lease:** Pursuant to the Commission's delegation of authority and the State CEQA Guidelines [Title 14, California Code of Regulations, section 15060(c)(3)], the staff has determined that this activity is not subject to the provisions of CEQA because it is not a "project" as defined by the CEQA and the State CEQA Guidelines.

Authority: Public Resources Code Section 21065 and Title 14, California Code of Regulations, section 15060(c)(3) and 15378.

6. **Pier Modification and Removal and Relocation of Pilings:** Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (Title 14, California Code of Regulations, section 15061), the staff has determined that this activity is exempt from the requirements of the CEQA as a categorically exempt project. The project is exempt under Class 2, Replacement or Reconstruction; Title 2, California Code of Regulations, section 2905 (b).

CALENDAR ITEM NO. C01 (CONT'D)

Authority: Public Resources Code section 21084 and Title 14, California Code of Regulations, section 15300 and Title 2, California Code of Regulations section 2905.

7. **Boat Lift and Buoys:** Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (Title 14, California Code of Regulations, section 15061), the staff has determined that this activity is exempt from the requirements of the CEQA as a categorically exempt project. The project is exempt under Class 3, New Construction of Small Structures; Title 2, California Code of Regulations, section 2905 Title (c)(3).

Authority: Public Resources Code section 21084 and Title 14, California Code of Regulations, section 15300 and Title 2, California Code of Regulations, section 2905.

8. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code sections 6370, et seq. Based upon the staff's consultation with the persons nominating such lands and through the CEQA review process, it is the staff's opinion that the project, as proposed, is consistent with its use classification.
