CALENDAR ITEM NO. C02 (CONT'D)

Draft Environmental Impact Statement (EIS) and approval of the ordinances based on the EIS.

OTHER PERTINENT INFORMATION:

1. On April 7, 2003, the Commission authorized a Recreational Pier Lease for two mooring buoys with Victor L. Metas and Shirley F. Metas, Trustees of the Metas Trust dated June 17, 1998. That lease will expire on March 31, 2013.
2. Applicants are proposing to remove an existing single use pier, two remnant pier pilings, and a remnant of a rock crib pier structure not previously authorized by the Commission, on and adjacent to the Reinhard property, and construct a new joint use pier extending from the common property line between the Metas and Reinhard properties. Staff recommends termination of the existing lease and issuance of a new Recreational Pier Lease for the removal of the existing pier and remnants, the construction of a joint use pier, and the retention of four existing mooring buoys, two of which were previously authorized by the Commission.
3. Applicants qualify for a Recreational Pier Lease because they are natural persons who have improved the littoral land with, and use the upland for, a single-family dwelling.
4. The proposed project is located in suitable Tahoe Yellow Cress (TYC) habitat. The TYC is listed under the provisions of the California Endangered Species Act as an endangered plant species subject to special protection at Lake Tahoe. On October 1, 2002, the Commission authorized the Executive Officer on their behalf to sign a Memorandum of Understanding to implement the "Conservation Strategy For Tahoe Yellow Cress (*Rorippa subumbellata*) in conjunction with the Tahoe Regional Planning Agency, the U.S. Fish and Wildlife Service, the U.S. Forest Service, the Nevada Division of Forestry, the Nevada Division of State Lands, the Nevada Division of State Parks, the Nevada Natural Heritage Program, the California Department of Fish and Game, the California Department of Parks and Recreation, the California Tahoe Conservancy, the Tahoe Lakefront Owners' Association and the League To Save Lake Tahoe.

CALENDAR ITEM NO. **C02** (CONT'D)

5. A project site-specific survey for the presence of TYC was performed on September 12, 2006, by staff of the Commission and found that the project site did not contain TYC. Should the demolition, construction, or continuation of construction on the site extend into a subsequent growing season, the Applicants are required to contact the staff to conduct a site-specific survey (conducted between June 15 - September 30) for the presence of TYC.
6. The Applicants are required by the Tahoe Regional Planning Agency (TRPA) to develop a Fish Habitat Monitoring Plan. The Plan will assess fish use of the shorezone restoration areas and the joint-use pier as fish habitat and will include monitoring with annual reports conducted over a three year period. After the initial three years, the TRPA will assess whether the mitigation is achieving the desired results and whether there will be the need for continued monitoring.
7. On October 13, 2006, staff signed a letter of non-objection that allowed the removal of an existing single use pier, two remnant pilings and one rock crib pier remnant and the construction of a joint use pier to begin construction prior to Commission consideration.
8. **Termination of Existing Lease:** Pursuant to the Commission's delegation of authority and the State CEQA Guidelines [Title 14, California Code of Regulations, section 15060(c)(3)], the staff has determined that this activity is not subject to the provisions of the CEQA because it is not a "project" as defined by the CEQA and the State CEQA Guidelines.

Authority: Public Resources Code section 21065 and Title 14, California Code of Regulations, sections 15060 (c)(3) and 15378.

9. **Removal of Existing Pier, Two Remnant Pilings and One Rock Crib Pier Remnant:** Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (Title 14, California Code of Regulations, section 15061), the staff has determined that this activity is exempt from the requirements of the CEQA as a categorically exempt project. The project is exempt under Class 4, Minor Alterations to Land; Title 14, California Code of Regulations, section 15304.

Authority: Public Resources Code section 21084 and Title 14, California Code of Regulations, section 15300 and Title 14, California Code of

Regulations, section 15304.

10. **Issuance of New Lease:**

Two Mooring Buoys: Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (Title 14, California Code of Regulations, section 15061), the staff has determined that this activity is exempt from the requirements of the CEQA as a categorically exempt project. The project is exempt under Class 1, Existing Facilities; Title 2, California Code of Regulations, section 2905 (a)(2).

Authority: Public Resources Code section 21084 and Title 14, California Code of Regulations, section 15300 and Title 2, California Code of Regulations, section 2905.

New Pier: Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (Title 14, California Code of Regulations, section 15061), the staff has determined that this activity is exempt from the requirements of the CEQA as a categorically exempt project. The project is exempt under Class 3, New Construction of Small Structures; Title 2, California Code of Regulations, section 2905 (c)(2).

Authority: Public Resources Code section 21084 and Title 14, California Code of Regulations, section 15300 and Title 2, California Code of Regulations, section 2905.

Retention of Two Additional Mooring Buoys: Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (Title 14, California Code of Regulations, section 15061), the staff has determined that this activity is exempt from the requirements of the CEQA as a categorically exempt project. The project is exempt under Class 3, New Construction of Small Structures; Title 2, California Code of Regulations, section 2905 (c)(3).

Authority: Public Resources Code section 21084 and Title 14, California Code of Regulations, section 15300 and Title 2, California Code of Regulations, section 2905.

11. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code sections 6370, et seq. Based upon the staff's consultation with the persons nominating
