2. In 1958, the Commission authorized a lease to the District for a term of 49 years. That lease expired on December 2, 2007. The District has applied for a new lease covering this existing outfall pipeline.
3. The existing outfall pipeline is used for the discharge of tertiary treated wastewater effluent to the Pacific Ocean. The pipeline is inspected regularly and was last inspected on May 30, 2007, and no evidence of leakage, spills or structural damage was observed.
4. Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (Title 14, California Code of Regulations, section 15061), the staff has determined that this activity is exempt from the requirements of the CEQA as a categorically exempt project. The project is exempt under Class 1, Existing Facilities; Title 14, California Code of Regulations, section 15301.

Authority: Public Resources Code section 21084 and Title 14, California Code of Regulations, section 15300.

5. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code sections 6370, et seq. Based upon the staff's consultation with the persons nominating such lands and through the CEQA review process, it is the staff's opinion that the project, as proposed, is consistent with its use classification.

**APPROVALS OBTAINED:**

Regional Water Quality Control Board NPDES Permit No. CA0048054.
