**TERMINATION OF GENERAL PERMIT - PUBLIC AGENCY USE AND
ISSUANCE OF GENERAL LEASE - PUBLIC AGENCY USE**

PERMITTEE/APPLICANT:

County of Del Norte
981 H Street
Crescent City, CA 95531

AREA, LAND TYPE, AND LOCATION:

Sovereign lands in the Klamath River, adjacent to Assessor Parcel Number 141-150-01, near Klamath Glen, Del Norte County.

AUTHORIZED USE:

Continued use and maintenance of an existing concrete boat launching ramp, retention of existing bank protection, and installation of a new seasonal floating dock with floating gangway, as shown on the attached Exhibit A.

LEASE TERM:

25 years, beginning April 9, 2009.

CONSIDERATION:

The public use and benefit; with the State reserving the right at any time to set a monetary rent if the Commission finds such action to be in the State's best interest.

SPECIFIC LEASE PROVISIONS:

1. At all times while construction activities are taking place in the Klamath River, Lessee shall install warning signs on the upland side of the construction site, in order to provide notice to the public that construction activities are taking place and to exercise caution. At least two weeks prior to the start of construction, Lessee shall post signs and publications indicating the tentative dates that the construction will occur. No fill material will be taken from the active river channel and public navigation will not be interrupted.

CALENDAR ITEM NO. **C23** (CONT'D)

2. Construction activities in the Klamath River may only occur between June 15th and October 15th, and must be completed by October 15, 2010.
3. The lease contains provisions that the Lessee must encourage the implementation of the Commission's "Best Management Practices for Guest Dock Users and Boaters", including additional Best Management Practices (BMPs) the Commission subsequently deems appropriate for either of the above categories. Lessee shall post the "BMPs for Guest Dock Users and Boaters" in prominent places within the lease premises. The Lessee shall provide the Commission, on the first anniversary of the lease and tri-annually thereafter, a report on compliance with all BMPs.

OTHER PERTINENT INFORMATION:

1. Applicant owns the uplands adjoining the lease premises.
2. On January 26, 1978, the Commission authorized a General Permit – Public Agency Use with the County of Del Norte – Department of Public Works (County). That permit authorized a concrete boat launching ramp and boarding float, known as the Roy Rook Boat Ramp, and will expire on May 31, 2027. Rather than amend the permit, the County has agreed to terminate the permit and has applied for a new General Lease – Public Agency Use for the continued use and maintenance of an existing concrete boat launching ramp, retention of existing bank protection, and installation of a new seasonal floating dock with floating gangway.
3. During the winter storms of 2005 through 2006, the existing concrete boat launching ramp and associated bank protection were damaged by high water flows. The boarding float originally authorized by the Commission in 1978 washed away several years ago. The County is proposing to repair the ramp and bank protection within the original footprint of these improvements. In addition, the County is proposing to install a seasonal floating boat dock upstream of the ramp. This boat dock will consist of two connected seasonal platforms and will be secured to permanent structures in the water, which will include a concrete bulkhead and gangway support near the shoreline and a pre-cast concrete anchor. The upland parcel is within the Yurok Tribe reservation, but is owned and maintained by the County.
4. Equipment staging and materials storage will be located in the existing paved parking area on the upland parcel. An excavator will be used to place the permanent bulkhead and anchor. It is anticipated that the project will be conducted between July 1 and October 15, 2009, to mitigate potential impacts to the coho salmon.

5. **Termination of Existing Permit:** Pursuant to the Commission's delegation of authority and the State CEQA Guidelines [Title 14, California Code of Regulations, section 15060(c)(3)], staff determined that this activity is not subject to the provisions of the CEQA because it is not a "project" as defined by the CEQA and the State CEQA Guidelines.

Authority: Public Resources Code section 21065 and Title 14, California Code of Regulations, sections 15060 (c)(3) and 15378.

6. **Issuance of New Lease:** A Mitigated Negative Declaration was prepared and adopted for this project by the County of Del Norte on May 7, 2008. The California State Lands Commission's staff has reviewed such document.
7. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code sections 6370, et seq. Based upon the staff's consultation with the persons nominating such lands and through the CEQA review process, it is the staff's opinion that the project, as proposed, is consistent with its use classification.
