CALENDAR ITEM NO. **C18** (CONT'D)

2. On December 9, 2003, the Commission issued a ten-year Recreational Pier Lease to Edwin E. Wright and Judith A. Wright, Trustees, or their successors in trust, under the Wright Trust, dated November 22, 1983 as amended and restated on June 10, 1998, for the extension of an existing pier and the relocation of an existing boat lift and two mooring buoys. However, the extension of the pier and relocation of the boat lift did not occur. The lease will expire on December 31, 2013. On August 22, 2008, the upland parcel was deeded to Judith A. Wright, Trustee of the Wright Trust, dated November 22, 1983, as amended and restated on June 10, 1998. Applicant is now applying for a new Recreational Pier Lease and staff is recommending termination of the existing lease and issuance of a new lease.
3. The Applicant is proposing to replace the pier decking and deck girders. No pile driving is proposed and there will be no change in the existing footprint of the pier. The pier work will occur during the non-fish spawning season between October 1st and May 1st and all access will be from the landward side of the pier.
4. The Tahoe Yellow Cress (TYC) is listed under the provisions of the California Endangered Species Act as an endangered plant species subject to special protection. On October 1, 2002, the Commission authorized the Executive Officer to sign a Memorandum of Understanding to implement the "Conservation Strategy For Tahoe Yellow Cress (*Rorippa subumbellata*) in conjunction with the Tahoe Regional Planning Agency, the U.S. Fish and Wildlife Service, the U.S. Forest Service, the Nevada Division of Forestry, the Nevada Division of State Lands, the Nevada Division of State Parks, the Nevada Natural Heritage Program, the California Department of Fish and Game, the California Department of Parks and Recreation, the California Tahoe Conservancy, the Tahoe Lakefront Owners' Association and the League To Save Lake Tahoe. The pier is located in suitable TYC habitat; however, since all work, access and equipment will not take place on the shoreline and the repair work would be confined to the pier decking, there will be no affect to TYC or its habitat.
5. Applicant qualifies for a Recreational Pier Lease because the Applicant is a natural person who owns the littoral land that is improved with a single family dwelling.
6. **Termination of Existing Lease:** Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (Title 14, California Code of Regulations, section 15060 (c)(3)), the staff has determined that

Authority: Public Resources Code section 21084 and Title 14, California Code of Regulations, section 15300 and Title 2, California Code of Regulations, section 2905.

8. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code sections 6370, et seq.
