CALENDAR ITEM NO. **C14** (CONT'D)

September 19, 2007, an inspection of the bridge was conducted by the California Department of Transportation and no substantive issues were found. The County continues to perform regularly scheduled bridge maintenance and repairs.

4. In 1972, the California Department of Water Resources (DWR) attached a stream gage station (station) to the Las Palmas Road Bridge to monitor stream flows. The attached station consists of a can, intake, and monitoring equipment. Staff of the Commission considers the station to be authorized under the October 19, 1979 Memorandum of Understanding between the Commission and DWR authorizing projects as specified in Water Code Sections 11130, 12931, and Public Resources Code Section 6327. Therefore, a lease for the station is not required.
5. Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (Title 14, California Code of Regulations, section 15061), the staff has determined that this activity is exempt from the requirements of the CEQA as a categorically exempt project. The project is exempt under Class 1, Existing Facilities; Title 14, California Code of Regulations, section 15301.

Authority: Public Resources Code section 21084 and Title 14, California Code of Regulations, section 15300.

6. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code sections 6370, et seq. Based upon the staff's consultation with the persons nominating such lands and through the CEQA review process, it is the staff's opinion that the project, as proposed, is consistent with its use classification.
