2. On June 13, 2003, the Applicant submitted an application for the retention of an existing pier with a boatlift, boathouse with two boatlifts, sundeck with railing and stairs, and four mooring buoys. The application was submitted after 40 years of efforts by Commission staff to bring the pier under lease. Between 2003 and 2009, the Applicant's, through their attorney, continued to be unwilling to agree to certain standard lease terms and the removal of a sundeck with railing and stairs and four unpermitted mooring buoys. On April 9, 2009, the Commission denied the application and authorized the Commission staff to take legal enforcement steps, including litigation, to eject and remove all improvements from State sovereign lands. Applicants sought reconsideration of the denial at the Commission's June 1, 2009 meeting. Reconsideration was denied by the Commission.
3. Shortly after the June 1, 2009 denial of reconsideration, the Applicants agreed to remove the sundeck railing, stairs, and four mooring buoys and agreed with the terms of the Recreational Pier Lease as presented by staff. On July 6, 2009, the Applicants submitted an executed lease to the Commission and staff is now recommending approval of the new lease for the retention of an existing pier with a boatlift and a boathouse with two boatlifts. The new lease is a short term lease to allow the Applicants time to obtain any necessary permits for the existing pier structure with the boathouse and boatlifts. Once Applicants have obtained all required permits, they may apply to the Commission for a ten-year Recreational Pier Lease.
4. On July 22, 2009, photographs were provided that show the sundeck stairs and railing have been removed. Staff continues to monitor the removal of the sundeck with stairs and railing and the four mooring buoys.
