character). In cases of preemption due to the exceptions described above, the State was given the opportunity to select replacement lands from the United States in lieu of a Section 16 or a Section 36. These replacement lands are now known as Indemnity School Lands or Lieu Lands.

OTHER PERTINENT INFORMATION:

1. On July 12, 1984, the Commission authorized a General Lease - Right of Way Use with Pacific Gas and Electric Company. That lease expired on June 30, 2009. A new General Lease – Right of Way Use was approved by the Commission at its October 22, 2009 meeting, but that lease did not contain a provision allowing for self-insurance, which the applicant desires. Staff is now recommending rescission of the lease approval and issuance of a new General Lease – Right of Way Use containing a provision for a self-insurance program.
2. The electrical transmission lines are maintained annually in accordance with General Order 95 (California Public Utility Commission), which governs Pacific Gas and Electric Company's maintenance of its overhead electric facilities.
3. **Rescind Approval of a General Lease – Right of Way Use:** Pursuant to the Commission's delegation of authority and State CEQA Guidelines [Title 14, California Code of Regulations, section 15060(c)(3)], the staff has determined that this activity is not subject to the provisions of CEQA because it is not a "project" as defined by CEQA and State CEQA Guidelines.

Authority: Public Resources Code section 21065 and Title 14, California Code of Regulations, sections 15060 (c)(3) and 15378.

4. **Issuance of a General Lease – Right of Way Use:** Pursuant to the Commission's delegation of authority and State CEQA Guidelines (Title 14, California Code of Regulations, section 15061), the staff has determined that this activity is exempt from the requirements of CEQA as a categorically exempt project. The project is exempt under Class 1, Existing Facilities; Title 14, California Code of Regulations, section 15301(b).

Authority: Public Resources Code section 21084 and Title 14, California Code of Regulations, section 15300.

CALENDAR ITEM NO. **C14** (CONT'D)

5. This activity involves lands which have NOT been identified as possessing significant environmental values pursuant to Public Resources Code sections 6370, et seq. However, the Commission has declared that all lands are “significant” by nature of their public ownership (as opposed to “environmentally significant”). Since such declaration of significance is not based upon the requirements and criteria of Public Resources Code sections 6370, et seq., use classifications for such lands have not been designated. Therefore, the finding of the project’s consistency with the use classification as required by Title 2, California Code of Regulations, section 2954 is not applicable.

CEQA FINDING:

Rescind Approval of a General Lease – Right of Way Use: Find that the activity is not subject to the requirements of CEQA pursuant to Title 14, California Code of Regulations, section 15060(c)(3) because the activity is not a project as defined by Public Resources Code section 21065 and Title 14, California Code of Regulations, section 15378.

Issuance of a General Lease – Right of Way Use: Find that the activity is exempt from the requirements of CEQA pursuant to Title 14, California Code of Regulations, section 15061 as a categorically exempt project, Class 1, Existing Facilities; Title 14, California Code of Regulations, section 15301(b).
