CONSIDER AMENDMENT OF THE COMPREHENSIVE DELEGATION OF AUTHORITY, AS AMENDED, TO: 1) RESCIND THE DELEGATION TO THE EXECUTIVE OFFICER TO SERVE AS THE DELEGATE, ON BEHALF OF THE CHAIR OF THE COMMISSION, TO THE CALIFORNIA COASTAL COMMISSION, AND; 2) AUTHORIZE THE EXECUTIVE OFFICER TO DETERMINE WHETHER A DREDGING LEASE ON GRANTED PUBLIC TRUST LANDS IS NECESSARY PURSUANT TO PUBLIC RESOURCES CODE SECTION 6707, SUBDIVISION (d), AS ADDED BY STATUTES OF 2013, CHAPTER 104, SECTION 3

PARTY:

California State Lands Commission

BACKGROUND:

The California State Lands Commission (Commission), in accordance with law, provides for the delegation of certain responsibilities and authority to the Executive Officer and staff of the Commission. A new Comprehensive Delegation of Authority (Delegation) was approved at the December 10, 2010, Commission meeting (Calendar Item 39) replacing one from 1991. The 2010 Delegation provided authority to the Executive Officer to make emergency approvals in certain situations where action cannot be postponed until the Commission holds a regularly noticed meeting.

The Delegation was revised on September 9, 2011 (Calendar Item C74), on April 26, 2013 (Calendar Item C100), and on June 19, 2014 (Calendar Item C87), to authorize the Executive Officer to:

- Approve immediate action to avoid substantial harm to public and private property
- Address instances where there is an immediate but temporary need for access to or use of state-owned land under the jurisdiction of the Commission by issuing a letter of non-objection, generally when there is only a negligible or minor effect
- Approve Continuation of Rent actions if annual rent or other consideration is not being modified and no other Commission action on the lease is being considered
- Take actions necessary to remove or dispose of abandoned, derelict, or

trespassing vessels from state waterways

These revisions have improved the Commission's responsiveness and efficiency for taking action on these matters.

PROPOSED AMENDMENT:

- 1) Rescind the Delegation to the Executive Officer to Serve as the Delegate, on Behalf of the Chair of the Commission, to the California Coastal Commission

The Chair of the Commission is a non-voting member of the California Coastal Commission pursuant to Public Resources Code section 30301 (c). The delegation to the Executive Officer to serve as the delegate on behalf of the Chair of the Commission is proposed to be rescinded from the Delegation, section I. General, D. concerning delegates to boards, commissions, and panels.

- 2) Dredging Leases on Granted Public Trust Lands

Legislation enacted in 2013 eliminated the requirement of a lease from the Commission for dredging on granted public trust lands where minerals are reserved to the state, if the dredged material is disposed of at an approved offshore disposal site, is not sold, and is consistent with the proper management of the granted lands. (Pub. Resources Code, § 6707, subd. (d), as added by Statutes of 2013, chapter 104, section 3 (AB 727, Stone) (section 6707).

Section 6707 requires grantees or applicants for dredging on granted lands where minerals are reserved to notify the Commission in writing 120 days prior to dredging of their intent to dredge. The notice must include the following information: 1) a description of the dredging including a map and land description; 2) a description of the amount of material to be dredged, disposal amount, location, and means of disposal, if available; 3) the time and manner in which dredging will occur; 4) the relevant permits, authorizations, and approvals that exist or must be obtained to dredge; 5) a declaration that the dredging is needed for the proper management of the grant consistent with the public trust, or a statement of why the dredging is necessary for other purposes and a declaration that the dredging is consistent with the grant; and 6) a statement with documentation explaining whether the grantee anticipates receiving any revenue from the dredged materials and if so, what amount.

Section 6707 expressly preserves the authority of the Commission to require a lease for any dredging on granted lands where minerals are reserved if the proposed dredging is inconsistent with the conditions specified in the statute, and requires written notification to the grantee within 30 days after receiving notification of the proposed dredging if a lease will be necessary. Section 6707

CALENDAR ITEM NO. **C01** (CONT'D)

provides that the Commission may delegate the authority to determine whether a lease is necessary to the Commission's Executive Officer. Therefore, the following addition is proposed to the Delegation, section I. General, A. Executive Officer:

The Executive Officer shall make the determination whether a lease is necessary for dredging on granted tide and submerged lands where the right to minerals is reserved to the state, pursuant to Public Resources Code section 6707, subdivision (d), as added by Statutes of 2013, chapter 104, section 3.

OTHER PERTINENT INFORMATION:

The staff recommends that the Commission find that the amendment to the Delegation does not have a potential for resulting in either a direct or a reasonably foreseeable indirect physical change in the environment, and is, therefore, not a project in accordance with CEQA.

Authority: Public Resources Code section 21065 and California Code of Regulations, Title 14, sections 15060, subdivision (c)(3), and 15378.

RECOMMENDED ACTION:

It is recommended that the Commission:

CEQA FINDING:

Find that the amendment to the Delegation is not subject to the requirements of CEQA pursuant to California Code of Regulations, Title 14, section 15060, subdivision (c)(3), because the amendment is not a project as defined by Public Resources Code section 21065 and California Code of Regulations, Title 14, section 15378.

AUTHORIZATION:

Amend the Comprehensive Delegation of Authority as set forth in Exhibit A, effective March 20, 2015.

EXHIBIT A

COMPREHENSIVE DELEGATION OF AUTHORITY (AMENDED ~~MARCH 20, 2015~~ JUNE 19, 2014)

I. GENERAL

A. EXECUTIVE OFFICER

1. The Executive Officer shall represent the California State Lands Commission ("the Commission"), when it is not in session, in all matters under its jurisdiction, subject, however, to the limitations hereinafter expressed. The Executive Officer shall be the chief administrative officer of the staff of the Commission and shall supervise all personnel, property, equipment, bank accounts, funds, and records assigned to the Commission. The Executive Officer shall direct all operations and management of lands and interests in land under the Commission's jurisdiction, including but not limited to, administering the sale and leasing of lands in compliance with the provisions of law, the rules and regulations of the Commission and the Commission's expressed policies and approvals. The Executive Officer shall also direct all operations and administer the regulatory programs assigned to the Commission as set forth in the Lempert-Keene-Seastrand Oil Spill Prevention and Response Act of 1990 (Public Resources Code, Division 7.8) and the Marine Invasive Species Control Act (Public Resources Code, Division 36). The Executive Officer shall make the determination whether a lease is necessary for dredging on granted tide and submerged lands wherein the right to minerals is reserved to the state, pursuant to Public Resources Code section 6707, subdivision (d), as added by Statutes 2013, chapter 104, section 3.
2. In the event of an emergency whereby immediate action is necessary to avoid substantial harm to public health and welfare, to the environment, or to private or public property, where the emergency exists through no fault of the owner of any private property threatened, and where approvals from the Commission are needed that cannot be delayed until the Commission holds a regularly noticed meeting, the Executive Officer may give the emergency approval needed, provided that:
 - a) The Executive Officer may approve only such action as is minimally necessary to avoid or respond to the emergency; and

b) The applicant agrees to the following:

- 1) That the State of California, its officers, agents, and employees shall not be liable for any claims, damages, or injuries of any kind and from any cause, arising out of or connected in any way with the proposed action, and that the applicant shall indemnify, hold harmless, and, at the option of the State, defend the State, its officers, agents, and employees, against and for any and all liability for any claims, damages, or injuries of any kind and from any cause, arising out of or connected in any way with the proposed action; and
 - 2) That the applicant shall comply with all terms and conditions imposed by the Commission staff; and
 - 3) That the applicant shall obtain and secure, prior to commencement of work, all approvals necessary or appropriate from all other agencies or governmental entities having jurisdiction; and
 - 4) That disturbance of the property under the Commission's jurisdiction shall be kept to a minimum area consistent with the nature and purpose of the event, and that the applicant shall take all necessary and appropriate precautions to prevent littering or pollution on State lands, waterways, and adjoining properties; and
 - 5) That the applicant shall be responsible for any damage, destruction, or loss occurring to State lands, waterways, adjoining property, the State's lessees, or other members of the public; and
 - 6) That the applicant shall provide the Commission staff notice prior to any actual work or activity taking place pursuant to the approvals given and shall provide to the Commission staff any information requested as to the work completed; and
 - 7) That the applicant shall provide the Commission staff satisfactory evidence of insurance coverage as requested by the Commission staff with the Commission named as an additional insured; and
- c) If the approval requires a finding that the project is exempt from the California Environmental Quality Act (CEQA) and that exemption would properly apply, the Executive Officer is authorized to make that finding.

3. Additionally, the Executive Officer may issue a letter of non-objection for an activity requiring immediate, temporary access to or use of State-owned land under the jurisdiction of the Commission, provided that the Executive Officer determined that an exemption from CEQA applies pursuant to authority granted in section IV of this Comprehensive Delegation of Authority, and when the project proponent agrees in writing to all of the provisions in 2.b) above.

Types of activities for which a letter of non-objection may be issued include those shown below, followed by examples:

- Activities necessary for the processing of a lease application or the preparation of a CEQA analysis related to the property that do not result in a serious or major disturbance to an environmental resource, such as:
 - Information collection,
 - Scientific and/or cultural resource surveys,
 - Research, or
 - Resource evaluation activities;
- Activities to abate or prevent a nuisance or threat to public health or safety, or to public navigation, such as:

- Activities that involve minor alterations to land, such as:
 - Well-capping projects involving abandoned water wells,
 - Non-commercial seed or plant collecting as part of a mitigation monitoring program,
 - Collection of small amounts of “live rock” for public aquarium exhibits, or
 - Off-highway vehicle events where the participants stay on existing trails and the events are subject to permitting and monitoring by a government agency;
 - Activities involving minor temporary use of land having negligible or no permanent effects on the environment, such as:
 - Regattas or other short-term water-related events involving the temporary placement of marker buoys,
 - Temporary use of existing access roads,
 - Tree surveys to monitor the health and growth rates of timber, or
 - Research projects.
4. If the Commission staff deems a lease is ultimately required for those activities authorized under the provisions of I.A.2. or 3. above, then the applicant shall apply at the earliest opportunity to the Commission for authorization for the action taken, and the action is subsequently approved and ratified by the Commission at its next noticed public meeting.
