Lessee expressly acknowledges and agrees that issuance of a lease does not substitute for, or provide preference in, obtaining authorizations from TRPA or any other regulatory agency for the improvements authorized by the Commission.

STAFF ANALYSIS AND RECOMMENDATION:

Authority:

Public Resources Code sections 6005, 6216, 6301, and 6503.5; California Code of Regulations, title 2, section 2000, subdivision (b).

Public Trust and State's Best Interests Analysis:

The Applicant has applied for a General Lease – Recreational Use for the use and maintenance of two existing mooring buoys. The Applicant owns the upland adjoining the lease premises. The Applicant's two mooring buoys are privately owned and maintained and have been in Lake Tahoe for many years, but were not previously authorized by the Commission. Staff became aware of the two unauthorized buoys while processing a lease for a nearby applicant.

The two buoys are for the mooring of boats. Recreational boating is a water-dependent use that is generally consistent with the common law Public Trust Doctrine. The California Legislature has identified private recreational boating facilities as an authorized use of Public Trust lands (Pub. Resources Code, § 6503.5).

The two buoys have existed for many years at this location. The subject facilities do not significantly alter the land and the lease does not alienate the State's fee simple interest or permanently impair public rights. Upon termination of the lease, the lessee may be required to remove all improvements and restore the leased land to its original condition. Additionally, the two buoys occupy a relatively small area of the lake. Based on the foregoing, Commission staff believes that the two mooring buoys will not substantially interfere with Public Trust needs at this location, at this time, or for the foreseeable term of the proposed lease.

The proposed lease requires the lessee to insure the lease premises and indemnify the State for any liability incurred as a result of the lessee's activities thereon. The lease also requires the payment of annual rent to compensate the people of the State for the occupation of the public land involved. For all the reasons above, Commission staff believes the

issuance of this lease is consistent with the common law Public Trust Doctrine and in the best interests of the State.

OTHER PERTINENT INFORMATION:

1. This action is consistent with Strategy 1.1 of the Commission's Strategic Plan to deliver the highest levels of public health and safety in the protection, preservation, and responsible economic use of the lands and resources under the Commission's jurisdiction.
2. Staff recommends that the Commission find that this activity is exempt from the requirements of the California Environmental Quality Act (CEQA) as a categorically exempt project. The project is exempt under Class 1, Existing Facilities; California Code of Regulations, title 2, section 2905, subdivision (a)(2).

Authority: Public Resources Code section 21084 and California Code of Regulations, title 14, section 15300 and California Code of Regulations, title 2, section 2905.

3. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code section 6370 et seq., but such activity will not affect those significant lands. Based upon staff's consultation with the persons nominating such lands and through the CEQA review process, it is staff's opinion that the project, as proposed, is consistent with its use classification.
