Public Trust and State's Best Interests Analysis:

On May 5, 2007, the Commission authorized the issuance of Lease No. PRC 3565.9, a Recreational Pier Lease, to Kimberlee M. Krouse, Trustee of the Virginia Baker Personal Residence Trust Dated February 4, 2005, beginning March 1, 2007, for a term of 10 years ([Calendar Item C12, May 10, 2007](#)). On December 27, 2012, ownership of the upland parcel was transferred to Kevin P. Krouse, Trustee of the Kevin P. Krouse Investment Trust dated December 22, 2012, as to an undivided one-half interest, and Courtney N. Krouse, Trustee of the Courtney N. Krouse Investment Trust dated December 19, 2012, as to an undivided one-half interest as tenants in common. The Applicant is now applying for a new lease.

Recreational boating is water dependent and is generally consistent with the common law Public Trust Doctrine. The California Legislature has identified private recreational boating facilities as an authorized use of Public Trust lands (Pub. Resources Code, § 6503.5). The subject facilities, consisting of a boat dock and access ramp, are privately owned and maintained and located within the Midway Channel of Huntington Harbour. The boat dock and access ramp facilitate recreational boating because they are used for the docking and mooring of recreational boats.

The Midway Channel in Huntington Harbour was created in the early 1960s and the adjacent upland parcel is privately owned and developed with a residence. There is no public access at this upland property because the private upland property directly abuts the concrete bulkhead that defines the limits of the channel. The boat dock extends to the pierhead line which is 60 feet into the 200-foot-wide channel leaving the majority of the Midway Channel available for navigation and public recreation.

The proposed lease does not alienate the State's fee simple interest or permanently impair public rights. The lease is limited to a 10-year term and does not grant the lessee exclusive rights to the lease premises. Upon termination of the lease, the lessee may be required to remove all improvements from State land.

The proposed lease requires the lessee to insure the lease premises and indemnify the State for any liability incurred as a result of the lessee's activities thereon. The lease also requires the payment of annual rent to compensate the people of the State for the use of public land. For all the reasons above, Commission staff believes the issuance of this lease is

CALENDAR ITEM NO. **C43** (CONT'D)

consistent with the common law Public Trust Doctrine, will not substantially interfere with Public Trust needs at this location, at this time, and for the foreseeable term of the proposed lease, and is in the best interests of the State.

OTHER PERTINENT INFORMATION:

1. Staff recommends termination of the current lease and issuance of a new lease. Staff recommends that compensation for unauthorized occupation of State land not be applied as a provision of a new lease because the family was unaware they had to apply for an assignment of lease in 2012.
2. This action is consistent with Strategy 1.1 of the Commission's Strategic Plan to deliver the highest levels of public health and safety in the protection, preservation, and responsible economic use of the lands and resources under the Commission's jurisdiction.
3. Termination of the lease is not a project as defined by the California Environmental Quality Act (CEQA) because it is an administrative action that will not result in direct or indirect physical changes in the environment.

Authority: Public Resources Code section 21065 and California Code of Regulations, title 14, section 15378, subdivision (b)(5).

4. Staff recommends that the Commission find that the issuance of a lease is exempt from the requirements of CEQA as a categorically exempt project. The project is exempt under Class 1, Existing Facilities; California Code of Regulations, title 2, section 2905, subdivision (a)(2).

Authority: Public Resources Code section 21084 and California Code of Regulations, title 14, section 15300 and California Code of Regulations, title 2, section 2905

5. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code section 6370 et seq., but such activity will not affect those significant lands. Based upon staff's consultation with the persons nominating such lands and through the CEQA review process, it is staff's opinion that the project, as proposed, is consistent with its use classification.
