	JUNE 22, 1967 - 10:08 A.M.
	MR. FLOURNOY: The Lands Commission will come to
	order. Now that we have a quorum, let's proceed.
	It is the understanding of the Chair that there are
	no applications from anyone in the audience to speak to any
	particular item on the agenda today and, therefore, we will
	go through it with a certain amount of dispatch.
	Number 2 is confirmation of minutes of meeting of
	May 25, 1967. Unless there is objection, the minutes will be
	confirmed.
	Item Number 3 Permits, easements, and rights-of-
	way to be granted to public and other agencies at no fee,
	pursuant to the statutes some eight items. If there is no
	discussion and no objection, those items will be approved as
	indicated.
	Number 4 Permits, easements, leases and rights-
	of-way issued pursuant to statutes and the established renta
	policies of the Commission some eight items. Unless there
2	is discussion on any of the items or objection, they will be
	approved as indicated.
	Item Numbor 5 Oil-and-gas and mineral leases and
	permits issued pursuant to statutes and established policies
	of the Commission some fifteen a lot of items on the last count there. Unless there is discussion or objection

authorization.

1

Item Number 6 -- the City of Long Beach -- two
items of approval of subproject expenditures for subsidence
studies and maintenance. If there is no discussion or objection, those items will be approved.

Item Number 7 -- Land sales, which have been cleared
7 with all the State agencies, one item there. Is there any
8 discussion or objection on that? (No response) Without
9 objection, that is approved.

10 Item Number 8 -- Boundary agreements and related.
11 applications, three items there. Is there any discussion or
18 objection? (No response) Without objection, that item is
15 approved.

14Item Number 9. Mr. Hortig, would you explain15item (a) there and some modification in the calendar?

16 MR. HORTIG: Mr. Chairman, you and Director Smith 17 will recall that you and the Commission authorized at the 18 last meeting, as summarized here, that the Executive Officer 19 obtain from interested certified public accountants with oil industry experience proposals to conduct an extensive audit 20 21 of the field contractor and its operating company, Long Beach 22 Units and to report the estimated costs and benefits, together with proposed financing and recommendations. 25

Today, on your agenda on pabes 89 and 90, is the report of the proposals received from three of the preeminant accounting firms. You also have, as an exhibit, copies of the

proposals and the staff recommendation is that the contract 1 for conduct of the study and report to the State Lands Commis 2 sion on this matter be awarded to Price Waterhouse & Company 3 at a total cost not to exceed \$22,000. 32 MR. FLOURNOY: Without objection, that item will 5 be approved. 6 We have a number of other items -- nine -- in the 7 administration section of the calendar. Is there any discusv. 👂 sion on any of those items, or objections to them? (No 9 response) Without objection, they will be approved. 10 Item Number 10 --11 MR. HORTIG: If I may, Mr. Chairman, I would like 12 to amplify on item 10(a) in that this will resolve what " 15 could have been potentially a very laborious, very costly 14 piece of litigation, in that a portion of the bed of the 15 Feather Riverwas moved by artificial means, namely by dredg-18 ing a new location for it over privately owned lands; and the 17 question before the house is as to the mineral values and 18 land values in the former bed of the Feather River, which is 19 still under the jurisdiction of the State Lands Commission. 20 and the entire matter is up for resolution by approval of the 21 stipulation with the owners of the present bed of the Feather 22 River -- who are in agreement with the State Lands Commission 25 to transfer the bed of the new stream, which is approximately 24 of the same area and same value, to the State Lands Commissioh 28 in exchange for the abandoned channel. 26

We think this is an eminently equitable and speedy and efficient solution and, therefore, recommend that the Commission approve the stipulation on behalf of the State of California.

> MR. FLOURNCY: It also saves a continuing law suit. MR. HORTIG: -Yes, sir.

MR. FLOURNOY: Very good. Without objection, then, we will approve item 10(a).

7

8

9 Is there any discussion on the informative report 10 with regard to the status of other major litigation?

MR. HORTIG: Informative only for the records of
the Commission. There is no action required at this time.
MR. FLOURNOY: I just wanted to inquire if there
was any question Mr. Smith might have on any of those items.
If not, I think you indicated there were couple of supplementary items to the agenda that have to e acted upon.

MR. HORTIG: Yes, sir. As a matter of completing
the record for the Commission, the first item is entitled:
"Proposed annexation No. 67-1 to the City of Seal Beach,
Orange County; and the City is proceeding in accordance with
established statutory procedures to annex an area in which the
State Lands Commission probably does not have any jurisdiction
or interest.

However, to be certain that the Commission was
informed that an application was submitted, and since the time
is running under the statute, and so that there can be a

-4

 $^{\circ}$

ĘĮ

record for the local agency formation commission, it is recommended that the Commission acknowledge receipt of the proposed annexation, Number 67-1 to the City of Seal Beach. and that the offshore boundaries included therein be deemed approved on July 3, 1967 by operation of law -- not underauthorization of the State Lands Commission.

7 MR. FLOURNOY: We shall so act and recognize we have received this, et cetera.

MR. HORTIG: The final item

1

8

3

5

6

8

9

Ž

10 MR. SMITH: Just a minute, Mr. Hortig, on the 11 final item. before we get into the specifica on it having 12 to do with the disciplinary action on a specific individual 15 named.

Mr. Chairman, although I understand we have a rul-14 ing from the Attorney General that this should be conducted 16 10 in an open meeting, this concerns me.

MR. FLOURNOY: Is this a requirement of the law? 17 18 MR. ABBOTT: Mr. Chairman, the problem is this: 19 The State Lands Commission by statute is given all the author 90 dty and only the State Lands Commission can act.

81 MR. FLOURNOY: And the State Lands Commission can 88 only act in a public meeting.

23 MR. ABBOTT: And they can cally act on and adopt a **94** ' resolution in an open public meeting. In such circumstances 38 as this, it is probably difficult and perhaps the Legislature will call for a change; but until there is such a change. We 89

recommend that the decision be made in a public meeting.

24

25

20

MR. SMITH: Is that decision made under the Brown Act?

MR. ABBOTT: No, sir. The State Lands Commission has open meetings. That has no exceptions at all.

MR. FLOURNOY: Is the authority lodged in the Stat Lands Commission and nondelegable to anybody else?

MR. ABBOTT: There is no suthority to delegate. I think a statute could authorize a delegation.

MR. FLOURNOY: What about the delegation of the Commission? Could the State Lands Commission authorize the Executive Officer to act?

MR. ABBOTT: Perhaps that would be too broad. That 15 would be delegating all your authority. -14

MR. FLOURNOY: Just as a matter, I think, of information for the members of the Commission, I share Mr. Smith's feeling in this matter. Would the Executive Officer and the 17 Attorney General's Office see if there is some way consistent with the present statute that the State Lands Commission could act in a manner which would delegate this authority, or hand it over in some way so we wouldn't have this embari 81 ing proposition. If we need a statute, let's consider moving in that direction, Mr. Hortig. I think it would be a desire able thing to see if we couldn't in some way avoid this kind of a situation, either by action of the Commission -- or by legislation if that is unavoidable.

HR. SMITH: Not that we disagree with the action, only the process. It is a very personal thing. I think the spirit of public meetings in California, in all of our governmental agencies, permits this type of action to be decided in an executive session or to be delegated to the Executive Officer, rather than be discussed in a public meeting.

1

8

de la

MR. ABBOTT: I agree with you, Mr. Smith, but the statute for this Commission is only for open meetings.

MR. SMITH: Pending that, Mr. Chairman, I suggest
that we delay this action. There should be a simple piece of
legislation that could be passed.

MR. FLOURNOY: We are a little late for introduction of anything at this time.

MR. HORTIG: This is inextricably intertwined with
a large amount of problems the Commission has. I would
recommend, as a proposal, that the staff bring a complete
legislative program for the next session to the Commission;
but I believe this should be a subject of delegation in this
specific instance.

91 MR. FLOURNOY: Do you think we could do that and 82 not unduly delay the action you have recommended? What is 85 your feeling with regard to this case and the necessity for 84 action?

MR. HORTIG: I would feel a decision can be arrived a s at expeditiously as to the ability to delegate for a particular instance. I am not seizing upon the Attorney General's objection that a broad delegation might be a problem. I would hope that a narrow specific delegation would not be a problem.

MR. FLOURNOY: Would this be a possibility? MR. ABBOTT: Mr. Chairman, may I recomed we call a brief recess?

> MR. FLOURNOY: We will recess for a few minutes. (Shout recess)

MR. FLOURNOY: The Commission will reconvene.

MR. SMITH: Mr. Chairman, I propose that Calendar. Item 55 be approved.

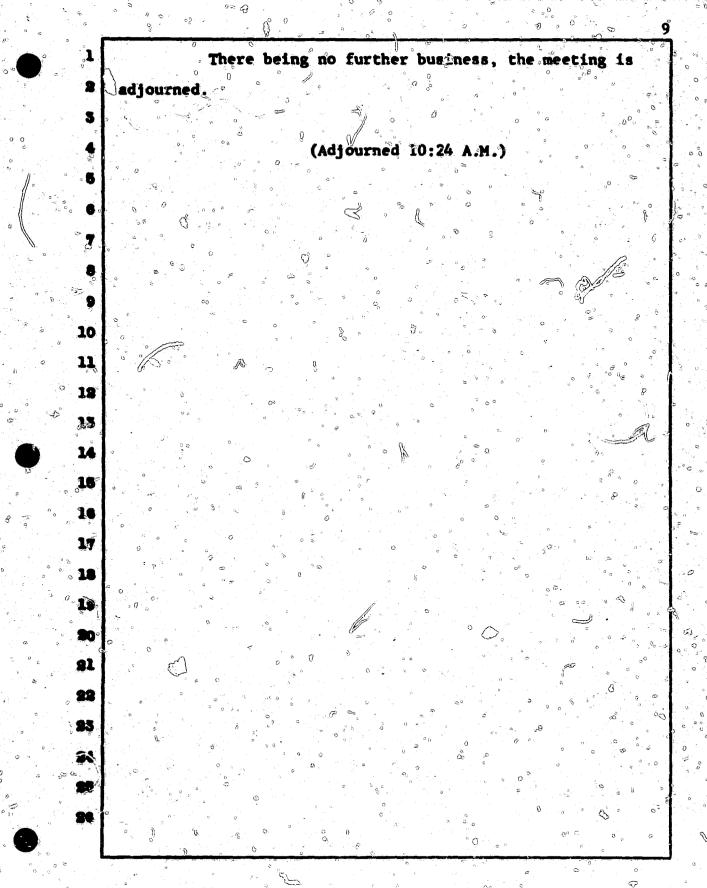

MR. FLOURNOY: Without objection, it is so approved
That concludes, I believe, the calendar and the
supplemental items with only one exception -- the time, date
and place of the next Commission meeting.

It is indicated that the next meeting will be in Los Angeles. I think that with regard to the fact that the Legislature will be in the final throes of concluding its work, I hope, at that time in Sacramento, perhaps we should reschedule that in Sacramento for July.

Does that meet with your approval?

MR. SMITH: Yes.

R. FLOURNOY: Without objection, we will alter the place of the next meeting to Sacramento in the month of July and confirm that date and time.
