

# REVIEW OF AN UNANNOUNCED SPILL MANAGEMENT TEAM DRILL PROGRAM

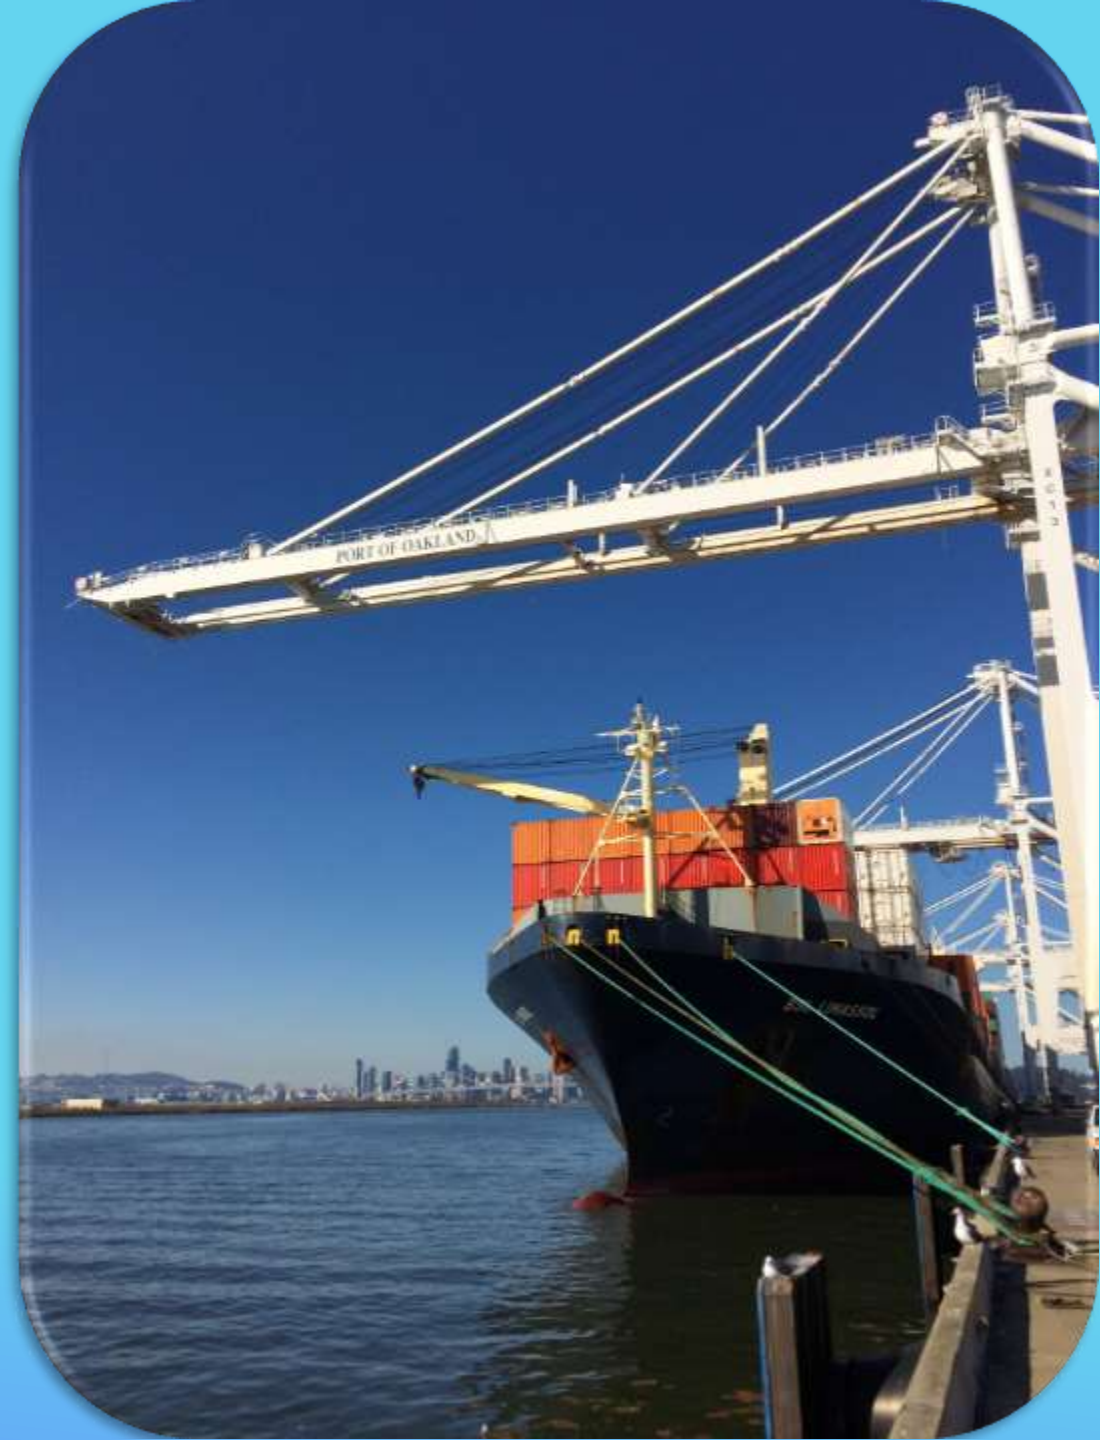

California Department of Fish and Wildlife  
Office of Spill Prevention and Response

Cassidee Shinn, Senior Environmental Scientist

# OUTLINE

- Authority
- Background
- Spill Management Team 101
- Types of Drills
- Phases I-III
- Lessons Learned

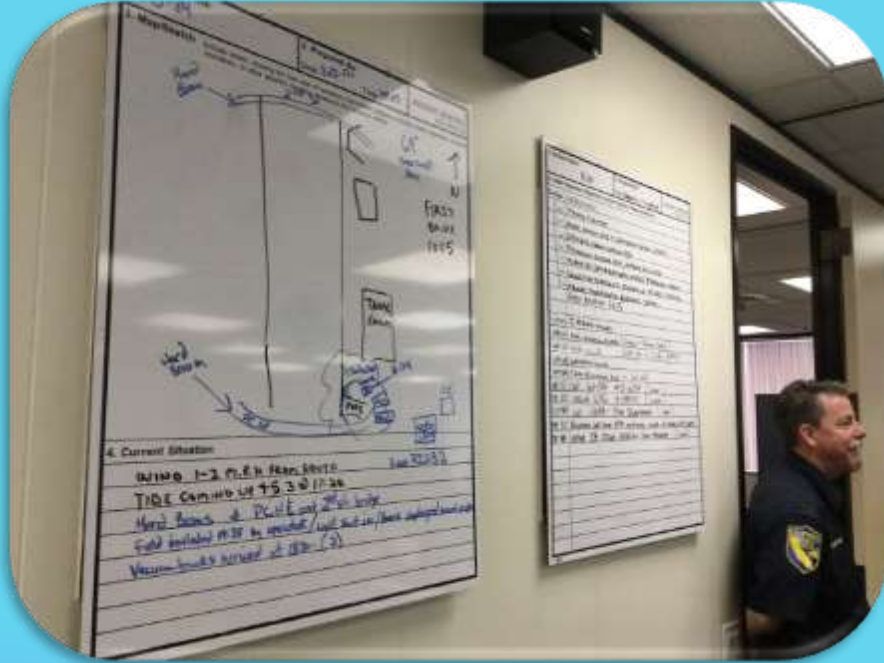

# Authority

CCR, Section 820.02, states in part, "The Administrator may call a drill or exercise, or conduct an inspection, to validate all or part of a contingency plan. This drill, exercise, or inspection may be announced or unannounced"

# BACKGROUND

- 2009-2011: Notification-only and equipment deployment drills
- 2012: Spill Management Team drills
- 2017: Drill programs expand to inland

# Spill Management Teams (SMT) 101

Doesn't this look riveting?!

Integrating  
Incident  
Command System (ICS)  
Unified Command  
Structure for managing  
an oil spill.

# Types of Unannounced Drills

## Notification-only:

Qualified Individual, CalOES, NRC,  
and Oil Spill Response Organization

Oil Spill Response Organization (OSRO)

Spill Management Team (SMT)

# Phase I: 2012-2014

- Goals
  - Data gathering
  - Education & training
- Implementation Strategies
- Deficiencies, Successes,  
and Needs Identification

## Phase II: 2015-2016

- Goals
  - Utilize objectives
  - Joint drills
- Implementation Strategies
- Successes and Needs Identification

# Current Phase III: 2017-2018

- Goals
  - Maintain high level of readiness
  - Roll in inland C-plan holders
  - Integrate with announced drills
  - Propose statutory changes
- Implementation Strategies

# Successes and Lessons Learned

- Strengthened partnerships
- Improved SMT capabilities
- Increased response resources
- New legislation for regulatory authority
